Kids Comics 2018
Whether you're young or old, regardless of your tastes and interests, there's no denying the appeal of a well-written, well-drawn comic book or graphic novel. "Kids Comics" doesn't have to strictly mean "For Kids Only", especially when there's so much wonderful "All-Ages" content being created today which is perfectly suited for anyone to pick up and enjoy. You can find a selection of recommended titles **on page 236** of this issue, but there are plenty more to be found throughout our Print section — just look for the KIDS COMICS icon!

SUMMER IS FINALLY HERE!

Here in Maryland, Winter held on for a good long time, even into early Spring… cold, overcast days stacking one on top of the other. Frankly, it was dismal, disheartening and downright depressing! But here we are in June, and the sun has been back since mid-May, warming things up nicely. Summer is here! It's still not blazin' hot the way I like it, but we're getting there!

We can't talk about Summer without talking about Summer Movies, and *Avengers: Infinity War* is by far my favorite movie of the summer so far (I haven't seen *Solo: A Star Wars Story* yet as of this writing!) and my favorite Marvel Cinematic Universe film to date. It had it all: action, humor, drama; every character got their moment to shine, the villains — Thanos and the members of his "Black Order" — did not suck, and everything I thought was going to happen, DIDN'T happen. It was a very *Empire Strikes Back* movie at the end. Thankfully, we won't have to wait THREE YEARS like us old folks (with *more* patience than any of you darn Millennials will ever possess! *Get off my lawn!* /shakes cane) had to wait between *Empire* and *Return of the Jedi*! Nope, we'll all have to wait a mere 11 months and change to see *Avengers 4*. So, we have that going for us. Which is nice.

Turning to ***PREVIEWS***, I hope you're all enjoying the new double-sided format — Print on the front, Merchandise on the back. And our convenient Manga section, which brings all of our manga publishers together into one place for all your manga needs! We've gotten some great feedback on the changes, and it makes it all worthwhile when our readers and retailers let us know they like what we're doing!

This month, ***PREVIEWS*** celebrates **KIDS COMICS** Month, with a focus on titles for kids, young adults, and all-ages! We've got a spread of recommended titles starting on page 236, plus a five-page section of creator interviews after the Manga section on page 447.

Elsewhere in this issue, we've got an exclusive interview with writer Simon Furman, who has gathered together *The Vigilant*, a unique and unlikely assemblage of British comic book characters, for the launch of publisher Rebellion's new superhero universe. Furman dug deep into his own childhood comic book heroes to populate this one-shot, which sets the stage for more to come from the publishers of *Judge Dredd*! Check it out on page 370!

Finally, I wanted to draw your attention to something new at ***PREVIEWS***. Beginning quietly last month, we placed a special online code in the Short Order Form insert located between pages 16 and 17 of the issue. This code unlocks a digital edition of ***PREVIEWS*** and is FREE to everyone who buys a physical copy of the catalog, or is given a copy by their local comic shop. The code also includes digital versions of ***DC Previews***, ***Marvel Previews***, and ***Image+*** at no extra cost! Or if you don't get the physical catalog each month from your LCS, you can purchase (or be gifted) a card with a digital code.

Either way you choose, print or digital, we're happy to bring you the coolest stuff on Earth every month! That's all for now! I'll talk at you again in July!

Your Pal @ ***PREVIEWS***,

Marty

It's all work *and* lots of fun at the fictional Berke's Comic Shop in our new strip, ***Comic Shop Tales***! Come back each month for a new tale, and go online at ***PREVIEWS***world**.com** for more strips during the month!

Where The Magic Of Collectibles Comes Alive!

Pedigree Comics' April Grand Auction Nets Over $825K

In their April Grand Auction, Pedigree Comics offered more than 500 CGC and CBCS-certified comic books, over 200 of which were *Batman* titles. Nearly every book sold, bringing in a total of $825,600. Pedigree President & CEO Doug Schmell shared that *"bidding was simply furious"* on the books and several outpaced previous high sales along with his auction estimates.

Top sales went to *Batman* #2 (9.0) for $60,500, #23 (9.2) for $25,250, #71 (9.4) for $20,250, and #121 (9.4) for $80,000; *Detective Comics* #140 (7.0) for $15,305, #181 (9.8) for $25,000, and #300 (9.6) for $18,250; and *World's Best Comics* #1 (8.0) for $25,000.

DIGAuction.com Now Open with Comics, Art, Collectibles

Diamond International Galleries (DIG) has expanded with the launch of their new website, *DIGAuction.com*. Beginning in March, they have been selling Golden to Modern Age comic books, original artwork, and collectibles. *"This site has been a long time coming. We are focused on giving our customers the best experience possible,"* DIG President Josh Geppi said.

A sampling of the diverse collectibles already sold have included *Gene Autry #29* (CGC 9.4), *Death of Wolverine* #1-4, *Batman Adventures* #12 (CGC 7.5), *The Crow* #1 (CBCS 9.0), and Funko Pop! vinyl figures like the *Wolf Man*. The auctions run on a weekly basis from Saturday to Saturday. Registration is free, there are no fees for bidding, and no buyer's premium.

Overstreet Guide to Collecting Tabletop Games Available in June

The Overstreet Guide to Collecting Tabletop Games hits store shelves in June 2018, marking another foray for Gemstone's "How To" lineup of books into a collectible market beyond comic books. The book will feature a look at the history of some of the most popular board games, tabletop role-playing games, and collectible card games, as well as provide context to why these are becoming popular collectibles. Interviews with industry vets such as Peter Adkison and with influencers like Matt Mercer, as well as with collectors of all kinds, also provide an in-depth discussion of what makes the tabletop industry so unique.

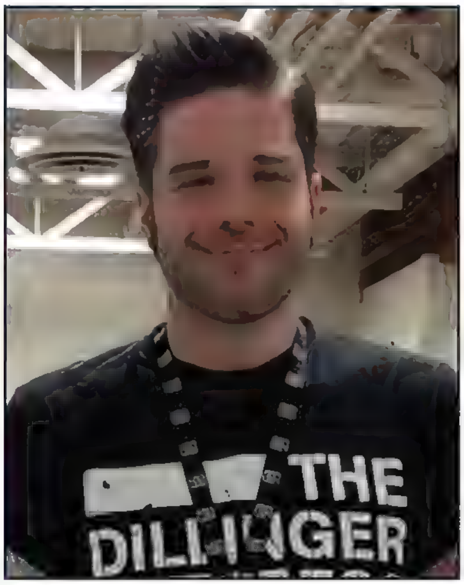
- **D4VE Volume 1 TP** (JUL150396)
- **Kong on the Planet of the Apes TP** (FEB189110)



Please tell us a bit about yourself!

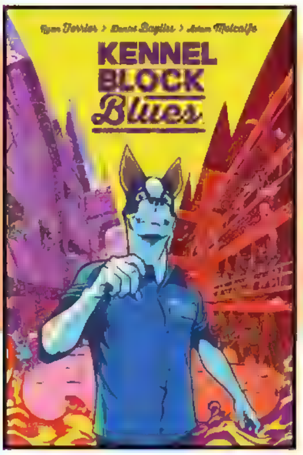
I'm a full time comic writer based in Calgary, AB, Canada. I've been fortunate to work on such creator-owned titles as *Kennel Block Blues* (SEP161411), *D4VE* (V1/JUL150396), *Hot Damn* (SEP160558), and *Curb Stomp* (NOV151143), along with licensed properties such as *Kong on the Planet of the Apes* (FEB189110), *Teenage Mutant Ninja Turtles*, and *G.I. Joe vs. The Six Million Dollar Man* (MAY180645). I love coffee, tattoos, and loud music.

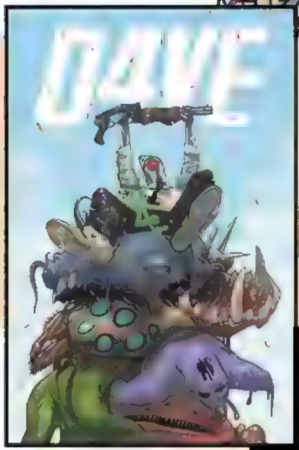
What are your favorite projects you've contributed to over the past decade?

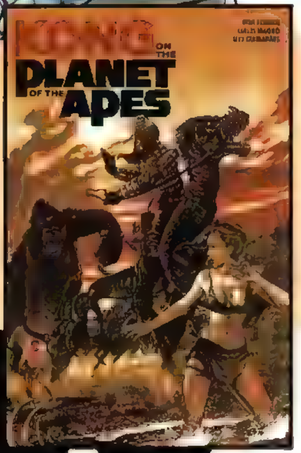
Kennel Block Blues and the *D4VE* series, in particular, are very personal stories for me, and as such were incredibly rewarding and challenging to create. *Kong on the Planet of the Apes* is a complete dream project/bucket-list property to work on, and I'm blessed with bringing it to reality alongside such an amazing team!

What are you currently working on?

Currently, I'm working on another two-issue arc of *Teenage Mutant Ninja Turtles Universe*, as well as two new creator-owned titles coming out in October.







KONG ON THE PLANET OF THE APES

What fun titles are you reading?

Black Mask's *The Wilds* (#1 2nd Ptg./JAN188846) by Vita Ayala and Emily Pearson is an immaculate, character-driven post-cataclysm tale, told by two of the best in comics right now.

Aftershock's *Cold War* by Chris Sebela and Hayden Sherman is post-modern science fiction with a style all of its own.

Image Comics' *Ice Cream Man* (*V1: Rainbow Sprinkles*/APR180546) by W. Maxwell Prince, Martin Morazzo, and Chris O'Halloran is an episodic sci-fi absurdity with as much heart as intensity.

Each time I see a company, or even a comic convention be pro-active in promoting comic books and comic talent I get really excited. It's where all this awesomeness started and the talent in comics is out of this world. I am so happy I am a part of this amazing comic book world.

"A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

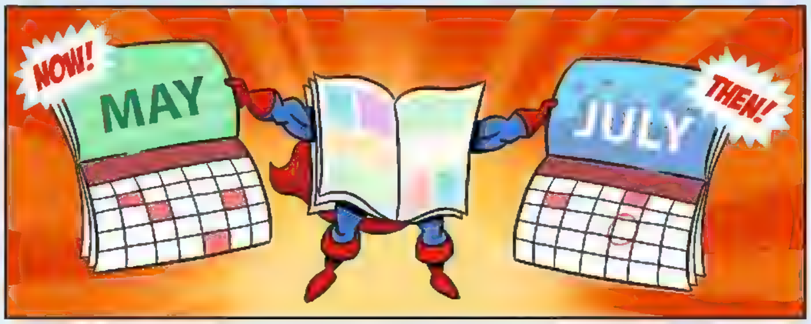
PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY

THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later** (or more). For example, if you found a comic you wanted in the May issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

MARVEL'S FIRST FAMILY RETURNS IN *FANTASTIC FOUR* #1

The Fantastic Four kicked off the Marvel Universe back in 1961, and this August Marvel's First Family returns to their rightful place at the forefront of the Marvel Universe in Dan Slott and Sara Pichelli's ***Fantastic Four*** #1!

The Fantastic Four were broken apart in the aftermath of ***Secret Wars*** — Ben Grimm and Johnny Storm survived an accident that appeared to cost Reed and Sue Richards their lives — and the Marvel Universe has struggled to move on in their absence, especially Ben and Johnny. But Reed, Sue, and their children are not dead; they are lost in the multiverse, and the decisions that Ben and Johnny have made in their absence will bring them back to the Marvel Universe and reignite a heroic legend!

Dan Slott, fresh off his epic run on ***Amazing Spider-Man***, is joined by ***Spider-Man*** artist Sara Pichelli to relaunch the ***Fantastic Four*** for Marvel Comics' Fresh Start. The epic adventures, fan-favorite characters, and emotional drama that have been the hallmark of the Fantastic Four for the last six decades return to the fore, making Slott and Pichelli's ***Fantastic Four*** #1 a landmark in Marvel Comics' history!

Essential reading for both long-time Marvel fans and new readers, this August discover why ***Fantastic Four*** has been called "The World's Greatest Comic Magazine" this August in Slott and Pichelli's ***Fantastic Four*** #1 from Marvel Comics!

This summer, Dark Horse Comics takes readers back to the realm of Arendelle for a new adventure in *Disney Frozen: Breaking Boundaries*, the first original comic book series based on Frozen! Written by Joe Caramagna and illustrated by Kawaii Creative Studio, the art group behind the graphic novel adaptation of *Frozen*, *Disney Frozen: Breaking Boundaries* will enchant every fan of the film with new adventures of Elsa, Anna, and their friends!

Now Ryan and his friends have to deal with the aftermath in *Leviathan*, the new Image Comics series from *Chew*'s John Layman, *The Manhattan Projects*' Nick Pitarra, and Michael Garland! HARD CASE CRIME

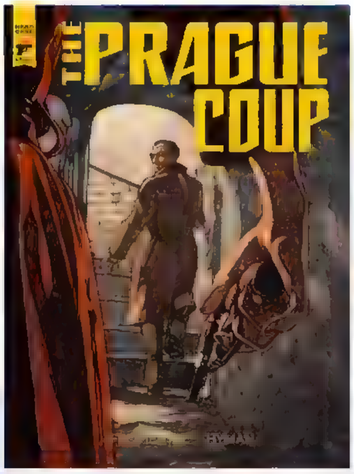
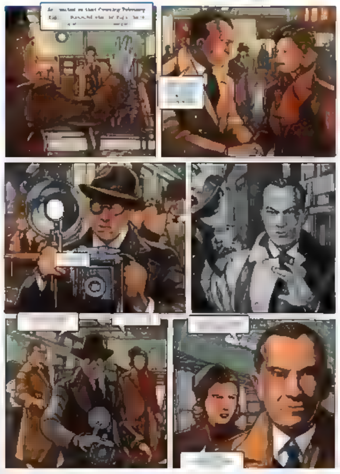
INSPIRED BY THE STORY BEHIND ORSON WELLES' *THE THIRD MAN!*

FEATURED ITEM

Ahead of its much-anticipated release this December, *The Prague Coup* writer Jean-Luc Fromental and co-writer/artist Miles Hyman give us a sneak peek at this very personal project. Why choose to investigate the story behind Orson Welles' *The Third Man*? Was Graham Greene, the author and spy, a hero or villain? And is fact really stranger than fiction?





EDITIONS DUPUIS S.A. © DUPUIS, 2017. All rights reserved.

JEAN-LUC FROMENTAL - WRITER
MILES HYMAN - CO-WRITER/ARTIST

What inspired you to tell the story of The Prague Coup ?

Jean-Luc Fromental I adore espionage. I'm a devoted reader of the genre, from the James Bond of my teens to the more recent Le Carré. Conrad's Secret Agent (which Miles brilliantly illustrated) is one of my favorite books ever. And of course, I have always been a massive fan of Graham Greene. He was a prankster, a drunk, a cheat, a master of cruel jokes, a cynic, a converted Catholic and above all, a spy.

Miles Hyman I'll admit I sort of followed Jean-Luc's lead on this one. As soon as he mentioned the underlying idea of The Prague Coup, I could tell that my friend had found a powerful narrative thread and I was hooked!

Would you classify this as fiction or as an historical graphic novel?

Jean-Luc Fromental I'd say fiction above all. But for me, fiction nowadays has to touch many differents subjects and levels to be of any interest. Our comic is also a wink and a tip of the hat to two other major narrative art forms: literature and cinema. It's a fake biopic, a strange mixture of established facts (Greene's relations with MI6, for example) and plain invention. Above all, it's an homage to a writer who escorted me all my life, leading me to the best of British literature.

Miles Hyman Our story is built on both history and fiction, and we certainly benefited from a period so rich in remarkable details that it has become a fertile breeding-ground for all sort of story-telling. I love the way that Jean-Luc's story weaves in and out of historical events, melding them with fiction so as to make all of these moving parts work together seamlessly.

> **"GREENE WAS A PRANKSTER, A DRUNK, A CHEAT, A CYNIC, A CONVERTED CATHOLIC AND ABOVE ALL A SPY."**

The Prague Coup tells the story behind Graham Greene and Orson Welles' The Third Man. What are the pros and cons of using situations that readers are already familiar with?

Jean-Luc Fromental The main difficulty is never to insult your character. We could not very well turn poor Graham, a merry drinker, a brave and sometimes bipolar war correspondant, but basically a peaceful writing man, into some kind of Jason Bourne. But that's the good thing with spy stories. You can have ladies and gents sitting, talking, lunching very politely together while doing as much damage as they would with live ammo. The pros are innumerable; the richness of the material, the fact that our narrator took the pain of writing at length about the brief but intense relations she had with old Graham while guiding him through the streets and secrets of 1948 Vienna, the fact that the film itself brought many clues and cues to Miles for his magnificent rendition of the bombed destitute imperial city.

Miles Hyman From a visual perspective, the principal challenge was bringing a well-known author to life in a plausible way as a living, breathing character in a graphic novel. I think the danger would have been to try and recreate a photographic likeness of Greene, perhaps making him seem overly stiff and too heavily-documented. I was intent on authentically rendering post-war Vienna, but set my priorities on the intensity and drama of the story rather than an explicit rendering of every historical detail.

Artistically, how did you approach this project to capture the mood and tone?

Jean-Luc Fromental For me it required months of reading and re-reading. Tons of books by and about Graham Greene, plus truckloads of non-fiction regarding the intricacies of the WW2 period and early Cold War. When you work with an existing figure that spent his life lying about himself, it's sometimes difficult to find the dose of truth you need to make him "real", or at least credible.

Miles Hyman Like Jean-Luc I spent a great deal of time looking at documents, hoping to respect the script's fact-based fiction with images that play by the same general rules. I watched The Third Man countless times, reviewing scenes for costumes, locations and hidden details, but I also visited Vienna itself, where most of the action takes place. The result feels to me like some of my very best work and I'm thrilled to have worked with Jean-Luc on this story that holds such tremendous importance for him, and after our shared adventure, for me as well.

HEY KIDS! COMICS! takes its cue from nearly a century of turbulence and triumph, despair and drama in the comic book racket.

Artists and writers, con men and clowns, ganefs and gangsters, create the foundations of today's biggest entertainment business—or at least the tail that wags the dog.

Some of it really happened, and the names have been changed to protect the innocent and guilty...

... although in the end, everyone was guilty of something.

If you like the crazy behind-the-curtain candor of The Wolf of Wall Street and Sean Howe's Marvel Comics: The Untold Story, you'll love HEY KIDS! COMICS!

Well, first, he's a fraud, and second, he pays the guy who's got the real psychic power—his student assistant Shigeo—less than minimum wage. Shigeo is an awkward but kind boy whose urge to help others and get along with them is bound up with the mental safety locks he's placed on his own emotions. Reigen knows he needs to exploit Shigeo to stay in business, yet for better or worse he's also his mentor and counselor. And he also knows whenever the normally repressed kid's emotions reach level 100, it may unleash more psychic energy than either of them can handle!

INTERVIEW WITH PATRICK ROTHFUSS, JIM ZUB, & TROY LITTLE

1. Jim, you were skeptical that this would happen. Can you tell us about when it was first proposed to you and how it feels now that it's actually coming together?

ZUB: *Sarah Gaydos reached out to tell me the idea had come up during a brainstorming session and everyone at IDW and Oni were excited at the possibilities. She wanted to know if I'd be involved if they could navigate the red tape, and I laughed it off. Of course I'd love to be on board, but it would NEVER happen. Wizards of the Coast wouldn't let the crown jewel of gaming be violated by Adult Swim's dimension hopping bastards.*

Little did I know that in a world of swirling media synergies and crazy memes, it's the perfect time to let these properties off the chain. I'm so glad the team at WotC realize that. This project is a warped and freakish monster, but it's also a love letter to gaming glory.

2. Patrick, you're primarily known for your prose work. How did you get pulled into the wild world of monthly comics? Was there any blackmail involved?

It's pretty obvious when you think of it. What name screams "regular monthly content" more than Patrick Rothfuss?

Seriously though, I say "no" to a lot of cool projects these days. It's my main job, really. I need to turn down 95% of the offers that come my way so I can keep my head down and get work done on my next book.

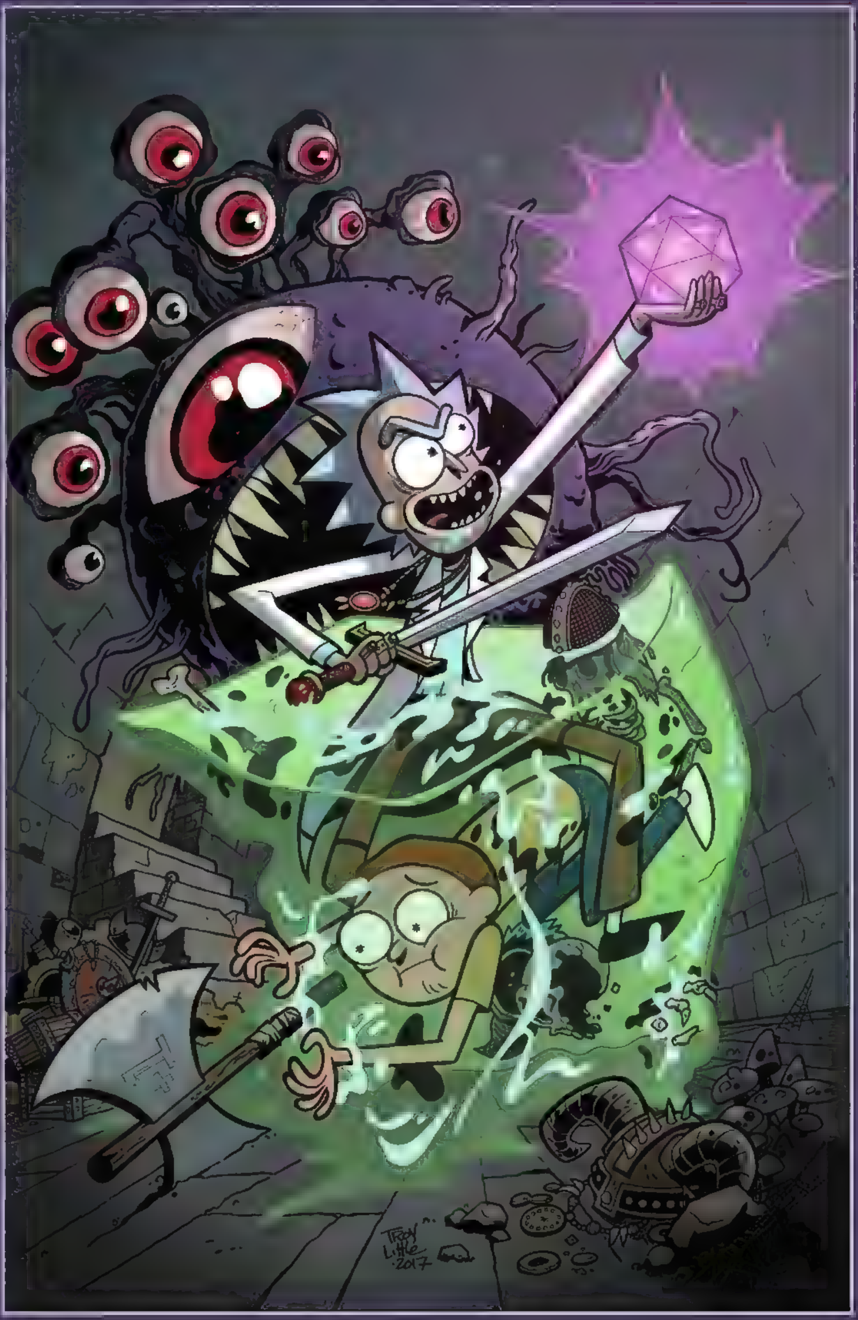
But this I just couldn't say no. These are two of my great loves. One old, one new. When they approached me, I knew I had to do it, and I knew the shape of the story I wanted to tell.

3. Troy, D&D is known for wild characters across many editions. Do you have a favorite one to draw? What about one you hope to work with before the series ends?

TROY: *Oddly enough I haven't played D&D since the '80s, then just a few months ago my kids expressed an interest in trying it out. I picked up the starter set and began reading and refreshing my memory on how it all works. We've had a few sessions so far and they're hooked. I'm a bit of a rusty DM, but I forgot just how much fun you can have with this game!*

When going at the cover for issue #1, I remembered the mini dungeon from the old red cover edition I had as a kid and how funny I found the gelatinous cube to be as something to battle. I had to include that and the classic Beholder.

There's so many cool monsters to choose from! Before this series is done I better get to draw a dragon or I'm going to portal to dimension C-433. It's all dragons there.



4. Finally, is there anything you can reveal to the fans about what to expect when these worlds collide? Can you guarantee their safety during this campaign?

ZUB: *Morty is smitten, Rick's getting the old gang back together, and Summer's going to learn to backstab. No edition will be spared, no campaign setting is safe.*

TROY: *I want to draw action and carnage! Monsters! Magic! Dungeons! And a dragon or two for good measure. Patrick and Jim may be the DM but I get to play in their world. This is going to be AWESOME!*

Pat: *I am going to break your heart.*

GIRL TOWN

writer/artist/cover **Carolyn Nowak**

Diana got hurt—A lot—And she's decided to deal with this fact by purchasing a life-sized robot boyfriend. Mary and La-La host a podcast about a movie no one's ever seen. Kelly has dragged her friend Beth out of her comfort zone—and into a day at the fantasy market that neither of them will forget.

Girl Town collects the Ignatz Award-winning stories **"Radishes"** and **"Diana's Electric Tongue"** together with several other tales of young adulthood and the search for connection. Here are her most acclaimed mini-comics and anthology contributions, enhanced with new colors and joined by brand-new work.

Bold, infatuated, wounded, or lost, Nowak's girls shine with life and longing. Their stories—depicted with remarkable charm and insight—capture the spirit of our time.

Nicolas Chapuis (RI-Virgin)

The comic event of the year has arrived! When plucky Princess Zara stumbles upon the Decimator defector Wheeler, she sets in motion events that will pit the spritely cleverness of fairy tale princesses against the raw power of giant robots! The dream match you never thought you'd see begins here. Don't miss it!

> "IT FEELS LIKE PACIFIC RIM BY WAY OF DISNEY. A MAGICAL, WONDERFUL, WORLD OF MYTHOLOGY AND MACHINERY."
> - DAVID GALLAGHER (CO-AUTHOR OF THE ONLY LIVING BOY)

TODD NATHY TALKS *ROBOTS VS. PRINCESSES*

Robots vs. Princesses is one of those titles that seems to tell you a lot in just three words. How did you come up with the idea for this series?

I came up with the series while I was substituting in a first frade classroom. The teacher had coloring pages for when the kids finished their work: robots for boys and princesses for girls. It immediately hit me. From there the wheels started turning. Who are the robots? Who are the princesses? Why are they fighting? What's separating them? I went home and started scribbling notes and next thing I knew, I had a story.

The first one we meet is Princess Zara who appears to be in a school for princesses? What is the world of Harmonia like?

Zara is the youngest Princess at thirteen years old from the Kingdom of Tanglewylde and is a firecracker. Her lack of interest in traditions immediately brought her into conflict High Queen Aleta and her daughter Penelope.

Harmonia is made up of five kingdoms. The Royal Family from one of the kingdoms serves a five- year term as High King and High Queen before the next family takes over. During this period the High Queen serves as headmistress/teacher of the Royal Academy for Princesses, where the Princesses from each kingdom learn how to be good Queens.

Then we get to meet Wheeler who seems to be in a very different world with constant battles raging. What is he like prior to the story?

Because of his small size Wheeler is a whipping bot for the Decimator Warlord Tyrannis and hates his life. He doesn't know why he puts up with it, just assumed it was the role he was assigned when he came off the Assembly Line (where the robots are born). Wheeler's had enough of the abuse and leaves the Decimators.

Now that we know the two leads, what can you tell us about what happens? Them being from different worlds will be an obvious obstacle for them, but what other types of problems might they come across? Is there an actual bad guy and if so, does his name begin with a "T"?

Without giving too much away, Zara and Wheeler put aside their differences fairly quickly. At first the only obstacle Zara and Wheeler face is hiding him from the Queen, but once Tyrannis arrives, their worlds get "decimated!"Tyrannis is the big bad guy and he makes his presence known. The Princesses are Harmonia's and Wheeler's last hope.

What can you tell us about Nicolas Chapuis, the artist on the series? What made him the right choice to draw the book? And what is your working relationship like? Does he get involved in the overall story?

Nic is a treasure. He took two genres that have different art styles and brought them together in a way that it doesn't look like they're intruding on each other. Nic's art is the reason I call this book, "the greatest animated movie never made."

Though the title is a pretty straightforward hook, how would you describe this book in a sentence or two to entice a reader to give it a shot?

All-ages fun that does not talk down to children. The book that bridges the gap between brother and sister while at the same time delighting parents.

They call her the Ghost of Dunhill Cemetery, but most people think "the Cemetery Girl" is just a story. In some ways, that's true. Her chosen name is Calexa Rose Dunhill, but she doesn't know her real name. When she first arrived here, all she knew was that someone had tried to murder her, dumped her body, and left her for dead. Calexa has been hiding out, afraid to seek out her true identity in fear that her would-be murderer would find her and finish the job. And someone is searching for her…a man named Salazar, who holds the key that will unlock the secrets of Calexa's past.

Calexa has new secrets as well—including the fact that she was murdered… she did die, if only for a moment. And in that moment, something changed inside her. Now, if someone dies near her, their spirit is drawn to Calexa, drawn into her. It has happened twice before, but now—as her worst fears come true and there are killers on her trail—the third ghost to take up residence in Calexa's soul will change everything and bring the Cemetery Girl trilogy to its shocking conclusion!

Both volumes are collected here for the very first time and including a special preview of the third and final chapter of this series!

In Book One: The Pretenders: She has made the cemetery her home, living in a crypt and avoiding human contact. But Calexa can't hide from the dead—and because she can see spirits, they can't hide from her. Then one night, Calexa spies a group of teenagers vandalizing a grave—and watches in horror as they commit murder. As the victim's spirit rises from her body, it flows into Calexa, overwhelming her mind with visions and memories not her own. Now Calexa must make a decision: continue to hide to protect herself—or come forward to bring justice to the sad spirit who has reached out to her for help...

In Book Two: The Inheritance: Despite her self-imposed isolation, Calexa's ability to see spirits—and the memories she receives from them—guarantees she'll never be alone, even among the deceased. The only living people she allows herself to interact with are Kelner, the cemetery's cantankerous caretaker, and Lucinda Cameron, an elderly woman who lives in an old Victorian house across the street. With their friendship, Calexa has regained a link to the world beyond tombstones and mausoleums. Until the night she witnesses a murder that shatters her life—a life now under a police microscope—as their investigation threatens to uncover Calexa's true identity...

Matt Kindt and **Tyler Jenkins**, the Eisner Award-nominated team behind ***Grass Kings***, reunite for a new ongoing series about a top-secret, elite branch of boy scouts tasked by the government to take on covert missions.

Among their organization, the Black Badges are the elite; the best of the best. They are feared even by the other badges. The missions they take are dangerous, and they will only get worse as their leader's attention is split between their mission and tracking down a lost team member. A member who disappeared years ago, presumed dead.

A haunting look at foreign policy, culture wars and isolationism through the lens of kids who know they must fix the world that adults have broken.

HEY KIDS! COMICS! #1

Recommended by Steven Leaf

Was It All in Color for a Dime or All in Color It's a Crime! The comic book industry was where heroes were blue-blooded Americans, loved their Moms, supported the troops, and said their prayers every night. Now, if you believe that, then there are two kids who for a measly $138 sold the biggest franchise in entertainment and you believe that was on the up and up.

In *Hey Kids! Comics!* writer/artist Howard Chaykin takes his own look at the close to a century of turbulence and triumph, despair and drama in the comic books racket. You didn't need bullets to wipe out your competition, just some well-placed ink on paper. Whether it was an artist or writer, editor or publisher Chaykin lays bare a world of con men and clowns, gonifs and gangsters, all who helped create the foundation of multiplex media monsters that really did start in the four-color world of comic books.

Everyone has their own sense of history and Chaykin is presenting his own, some of it really happened with names changed to protect the innocent and guilty. But back in those days everyone was probably guilty of something.

Remember, this isn't a damn library — or Starbucks. Buy your own copy.

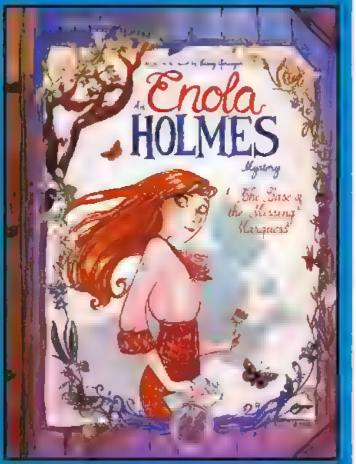
Fealty is demanded, shots are fired, and long-hidden family secrets are fully revealed. ENOLA HOLMES: THE CASE OF THE MISSING MARQUESS HC

Recommended by [illegible]



Enola
HOLMES
Mystery
The Case of the Missing Marquess

For a Sherlock Holmes fan like myself, this is a veritable golden age — the BBC's *Sherlock* finished four successful seasons last year, CBS's *Elementary* returned to television last month, Robert Downey, Jr.'s third *Sherlock Holmes* film may enter production next year, Will Ferrell and John C. Reilly's *Holmes and Watson* hits theaters at Christmas, every month sees new stories published. My Kindle is packed with Sherlock Holmes stories, classics and new, and one recent series that I loved was Nancy Springer's young adult Enola Holmes novels, centered not on the mighty Sherlock but on his much younger sister Enola. This October, IDW Publishing brings Italian writer/artist Serena Blasco's adaptation of the series' first book, *The Case of the Missing Marquess*, to American readers as part of their EuroComics imprint, and readers can discover this captivating heroine before the film adaptation starring *Stranger Things'* Millie Bobby Brown debuts in 2020.

Enola lives with her mother on the family estate in Sussex while her elder brothers Mycroft and Sherlock live in London. When her mother disappears on her fourteenth birthday, Mycroft assumes responsibility for Enola. Wanting no part of a "proper" life, Enola flees to London to find her mother, and there she proves to be every bit as brilliant as her brothers as she works to locate a missing aristocrat while eluding Mycroft who intends to send her to boarding school and Sherlock who is deeply worried for her safety.

Perfect for Sherlockians aged eight to eighty, Serena Blasco's adaptation of Nancy Springer's *Enola Holmes: The Case of the Missing Marquess* is charming introduction to the world of Enola Holmes and a delightful expansion of the Sherlock Holmes mythos.

Sherlock Holmes' sister is on the case in this all-ages graphic novel!

Based on the Spanish national epic, El Cid, *Kid Beowulf: The Rise of El Cid* picks up shortly after the events of book two, *Kid Beowulf: The Song of Roland*. Beowulf and Grendel are in war-torn Spain, where honor is hard-fought, allegiances are dubious, and the bulls run wild. Amidst it all comes a young knight named Rodrigo, who fights for the name he's lost, the land he loves, and the virtue they've both forgotten. It's an action-adventure swashbuckler with a dash of romance set in medieval Spain. It continues the *Kid Beowulf* narrative and gives Beowulf and Grendel new characters to meet and lessons to learn.

DEMENTIA 21 GN

Recommended by Sarah Martinez

If you're a fan of Junji Ito's works, if you had weird shivers watching *Akira*, if you were fascinated by *Human Centipede*, let me introduce you to a new friend. Creator Shintaro Kago pioneers the far fringes of horror and its most inappropriate intersections with humor or with eroticism in an unsettling mix he calls "fashionable paranoia." He is artistically fascinated with the human body, not just the pretty stuff on the outside but the mess and meat of the matter beneath the skin. A "guro" manga creator, Kago's works all revolve around ultra-accurate anatomy, and he takes a dreadful delight in pulling that anatomy inside out. Traditional Hollywood horror movies tend to stick with the "acceptable" innards: blood, brains, intestines. Kago's corpses are gleefully full of stool, of semen, and of secrets; his short stories pull no punches.

Dementia 21 sets up a distorted Disneyland of gruesome, geriatric terror. Our heroine is powerless before an entire retirement community of nightmare Nanas and petrifying PopPops. Yukie is responsible for their care, their happiness, and their lives, but can no more control their paranormal abilities than she can reverse time. A servant at the bedside of the bizarre, she fights a war of diaper changes and sponge baths that she cannot win. Daunted, but determined, she will never abandon her post even if one million grandmas are dumped at her doorstep.

DEMENTIA 21
KAGO

Yet, even in the midst of this surrealist horror, Kago is laughing at us. We all grow old. We all lose some portion of dignity. He uses *Dementia 21* to not only explore our fears of abandonment or of senility, but he presses so far into the absurd, that fear stops and dark humor takes hold. Old men turn into piles of dentures; old women team up by the hundreds to whoop their brats' butts; folks become so senile they bend all of reality out of existence! Unsettling and grotesque, outlandish and wild, *Dementia 21* is the comic equivalent of elderly LSD.

The horror of old age has never been so fun!

The fate of two worlds lay in the hands of two heroes in Aspen's newest series' finale!

Now, all his friends are captured, beaten, or worse, and it's up to him to stop the maniacal Emperor Atilus from ending life on Earth altogether. There's no escape from hell!

Welcome to Andrew Jackson Maximum Security Federal Corrections Facility. A massive concrete pyramid surrounded by razor wire and gun towers in the middle of the California desert. But it's not just a prison, and it's not just filled with the most dangerous criminals the world has ever seen…it's hell. Literally. And it's here where a young Cartographer named Sam Tinker begins an epic battle against the mysterious Warden and all the horrors of her domain, in a desperate attempt to escape and rescue his sister – the only innocent to ever wind up in hell!

DINOSAUCERS #1

Recommended by Matthew Dorsey

If you grew up in the 1980's your childhood had some of the coolest cartoons to grace the silver screen. He-Man battled Skeletor on Eternia with the power of Greyskull. Autobots engaged in battle with Decepticons on Earth and throughout the galaxy as robots in disguise. M.A.S.K. was working overtime fighting crime, but one show that I thought always deserved some more love was *Dinosaucers!*

The 65 episode series by DiC Entertainment (*Inspector Gadget*) was cancelled early and a planned toy line by Galoob received the same treatment but nothing can take away from the fact that *Dinosaucers* had one of the coolest theme songs of any 1980's cartoon around. Now Lion Forge is looking to take *Dinosaucers* off the extinction list and revamp the series for 2018.

With Earth facing an invasion of evil Dinosaurs hailing from a hidden sister planet in Earth's orbit but hidden until now on the other side of the sun how will 2018 Earth cope? The spirit of the original series is top of mind for former *Dinosaucers* Executive Producer & Writer Michael Uslan who will take over writing responsibilities on the new Lion Forge series. Art by Andrew Pepoy (*Archie vs Predator*) brings the world of *Dinosaucers* to life giving the book the look and feel of a true 1980's cartoon.

Be sure to pick up *Dinosaucers* this August from Lion Forge!

Disney
THEY DREW AS THEY PLEASED
THE HIDDEN ART of DISNEY'S MID-CENTURY ERA

(W) Didier Ghez

The 1950s and 1960s at The Walt Disney Studios marked unprecedented stylistic directions brought on by the mid-century modern and graphic sensibilities of a new wave of artists. This volume explores the contributions of these heroes with special emphasis on the art of Lee Blair, Mary Blair, Tom Oreb, John Dunn, and Walt Peregoy. It includes never-before-seen images from *Cinderella*, *Alice in Wonderland*, *Peter Pan*, and *Sleeping Beauty* and discusses Disney's first forays into television, commercials, space, and science projects, even the development of theme parks. Drawing on interviews and revealing hundreds of rediscovered images that inspired Disney's films during one of its most prolific eras, this volume captures the rich stories of the artists who brought the characters to life and helped shape the future of animation. BERLIN: THE COMPLETE EDITION HC

(W/A/CA) Jason Lutes
During the past two decades, Jason Lutes has quietly created one of the masterworks of the graphic novel golden age. Serialized in twenty-two issues, collected in two volumes, with a third to be co-released at the time of this omnibus, *Berlin* has over 100,000 copies in print. An intricate look at the fall of the Weimar Republic through the eyes of its citizens, *Berlin* will be one of the high-water marks of the medium: rich in its researched historical detail; compassionate in its character studies; and as timely as ever in its depiction of a society slowly awakening to the stranglehold of fascism. CITY OF LIGHT
BOOK THREE

(W/A/CA) Jason Lutes
The third and final act of Jason Lutes' historical fiction about the Weimar Republic begins with Hitler arriving in Berlin. With the National Socialist party now controlling Parliament, the citizenry becomes even more divided. Lutes steps back from the larger political upheaval, using the intertwining lives of a small group of German citizens to zero in on the rise of fascism and how swiftly it can replace democracy. The idle rich, the naive bourgeoisie, and the struggling lower classes: all seek meaning in the warring political factions dividing their nation. (STL089051) (C: 0-1-2)

The people of Weimar Berlin search for answers after the lethal May Day demonstration of 1929. Tension builds along with the dividing wall between communists and nationalists, Jews and gentiles, as the dawn of the Second World War draws closer. The lives of the characters within Lutes's epic weave together to create a seamless portrait of this transitory city. Marthe Muller follows lover Kurt Severing as he interviews participants in the May Day demonstration, but moonlights in the city's lesbian nightlife. BAD FRIENDS GN

(W/A/CA) Ancco
Jinju is bad. She smokes, drinks, runs away from home, and has no qualms making her parents worry. Her mother and sister beg her to be a better student, sister, daughter; her beleaguered father expresses his concerns with his fists. *Bad Friends* is set in the 1990s in a South Korea torn between tradition and Western modernity and haunted by an air of generalized gloom. What unfolds is a story of female friendship, a Ferrante-esque connection formed through youthful excess, malaise, and struggle that stays with the young women into adulthood. (STL089055) (C: 0-1-2)

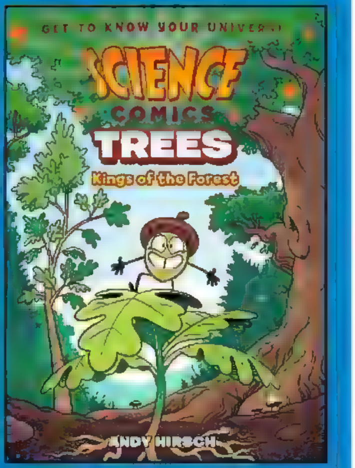
When a birth defect wipes out the planet's entire population of men, Woman World rises out of society's ashes. Dhaliwal's infectiously funny instagram comic follows the rebuilding process, tracking a group of women who have rallied together under the flag of "Beyonce's Thighs." Only Grandma remembers the distant past, a civilization of segway-riding mall cops, Blockbusters movie rental shops, and "That's What She Said" jokes. *Woman World* is an uproarious and insightful graphic novel from a talented and funny new voice. SCIENCE COMICS: TREES: KINGS OF THE FOREST

Recommended by Megan Cosman



Science was a subject I always struggled with in school. I wasn't one for hard answers that took time and logic to solve. I preferred a creative environment like improvising a skit in drama class or reading a book where my imagination turned the words on the page into a glorious motion picture shown exclusively in my noggin. Sure, memorizing the sun is mass of incandescent gas almost like a gigantic nuclear furnace is easy enough, but that doesn't make it fun. With their *Science Comics* series, the folks at :01 First Second Books are set out to make science fun for everybody including me.

"Fun" is exactly the word that popped in my mind as I read the latest addition to the line, *Science Comics: Trees: Kings of the Forest*. The story is based on Acorn curious for knowledge about what it takes to be a tree in a worldwide ecosystem, and his tribe of tutors from across the forest who lead him on the field trip of a lifetime to teach him exactly that. Written and illustrated by Andy Hirsch, this brightly-colored graphic novel is a delight to the eyes and easily digestible text that makes you forget that you are learning (or relearning in my case). Remembering the young minds who might be picking up the book, Mr. Hirsch's writing is witty and quick which helps keep the topic from ever becoming as dry as kindling. Don't be surprised to find that you're smiling and giggling the entire way through the book.

Written for children, but still highly enjoyable even for this adult, *Science Comics: Trees* is an entertaining all-ages book that uses phrases like "arbuscular mycorrhizal fungi" without ever taking itself too seriously or becoming dull. This deliciously adorable story is the perfect book for your favorite scientist, environmentalist, or anybody with a passion for learning.

Science Comics: Trees: King of the Forest is fun summer learning for all ages!

Yukie Sakai is a sprightly young home health aide eager to help her elderly clients. But what seems like a simple, straightforward job quickly turns into a series of increasingly surreal and bizarre adventures that put Yukie's wits to the test! Shintarō Kago is well known for combining the traditional manga style with a hyper realistic illustration technique and an adventurous storytelling approach to create his own genre referred to as "fashionable paranoia." All of his trademark virtues (and vices) are on full display in these darkly comedic tales that strain the bounds of the imagination.

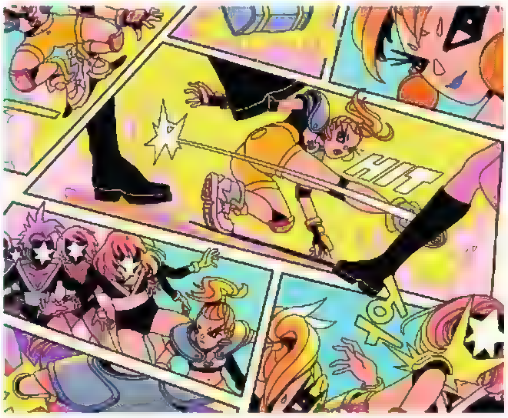
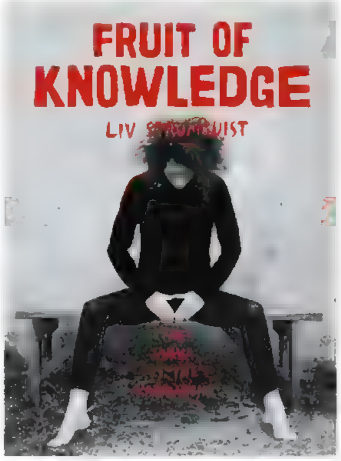
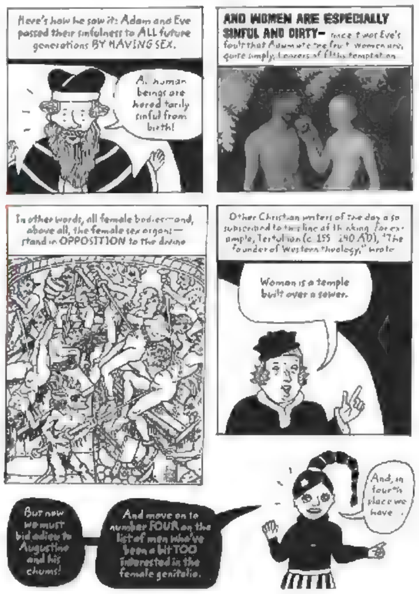
This debut graphic novel is a visual *tour de force* that draws from American Pop Art, Korean "K-pop," internet culture, and Manga. In an effort to top her brother's internet popularity, Phanta embarks on a psychedelic journey into a drug cult in hopes of becoming the newest member of a popular K-pop group. *Roly Poly* is a story about faith and perception, and how believing in something can yield unexpected results— such as wishes coming true.





FRUIT OF KNOWLEDGE
LIV STROMQUIST



Here's how he saw it: Adam and Eve passed their sinfulness to ALL future generations BY HAVING SEX.
All human beings are hereditarily sinful from birth!
AND WOMEN ARE ESPECIALLY SINFUL AND DIRTY—
In other words, all female bodies—and, above all, the female sex organs—stand in OPPOSITION to the divine
Woman is a temple built over a sewer.
And, in fourth place we have
But now we must bid adieu to Augustine and his chums!
And move on to number FOUR on the list of men who've been a bit TOO interested in the female genitalia.

In this graphic nonfiction book, Swedish cartoonist Liv Stromquist traces how different cultures and traditions have shaped women's health and beyond. Her ponytailed avatar guides the reader from the darkest chapters of history to the lightest. Like humorists Julie Doucet (*Dirty Plotte*), Alison Bechdel (*Dykes to Watch Out For*), and Kate Beaton (*Hark! A Vagrant*), she uses the comics medium to reveal how far we haven't come.

PENGUINS

By Nick Thorburn

$24.99 / HC / 288 pgs / PC / 7.25 x 9.75

Told almost entirely without words, *Penguins* is a series of interconnected short strips that does more to showcase the breadth of emotion we as humans experience than most prose novels. As author Nick Thorburn explains, "Penguins go through a lot of hell that could be avoided if they had the ability to fly. This cruel irony lends itself to humor, as well as sadness. Death and the desperate search for love and companionship seem so tethered to life as a penguin, as well as for humans, and so the goal was to bridge those two and make them funny."

Petey is a compulsive dog that values his unchecked freedom and Pussy is a self-absorbed cat with a gambling problem. Their darkly hilarious stories all intertwine at an oddly surreal breakneck pace, making Kerschbaum's tales of balding domestic animals read as if Larry David wrote an R-rated *Tom and Jerry* for Adult Swim.

MIKE GRELL LIFE IS DRAWING WITHOUT AN ERASER

Recommended by Steven Leaf

When you think about the artist "Young Guns" of the late 70s and early 80s, you think about John Byrne, George Perez, Mike Zeck, Frank Miller, Jim Starlin, Bill Sienkiewicz, and Mike Grell. From the far-flung future of the Legion to the savage Pellucidar-styled world of *The Warlord*, Mike Grell became one of the best storytellers in comics.

In *Mike Grell: Life Is Drawing Without an Eraser*, Grell gives us insight in his own words into a career that spanned decades, publishers from DC, Pacific Comics, Eclipse Comics, First Comics, Image Comics, and a return engagement at DC Comics. Mike goes over his experiences in the industry from work for hire on *Green Arrow* and licensed properties like *Tarzan* to creator owned properties like *Jon Sable* and *Starslayer*.

Having Mike as a guest of my Atlanta Comic Con in the 80s I can attest to him being a true gentleman, not that I'd say otherwise: he's too damn good with bullets and bow and arrows. I lost out on a *Warlord* cover back then but Mike, being the class act he is, drew a recreation of that cover for me that remains one of the prized possession of my collection.

TwoMorrows' *Mike Grell: Life is Drawing Without an Eraser*, in either the softcover or limited hardcover, is yet another fine addition to their library of books on comic creators and history.

Famous for: *The introduction of the Dark Knight, the Caped Crusader, the World's Greatest Detective... BATMAN!* Making his first appearance in "The Case of the Chemical Syndicate," Bruce Wayne/Batman would eventually go on to become the star of *Detective Comics*, to the point where the book's title often simply read *"Detective Comics featuring Batman."* Written by Bill Finger, with art by Bob Kane, *Detective Comics* #27 also featured the first appearance of Commissioner James Gordon.

Did You Know? *Detective Comics* #27 didn't provide Batman's origin story — that wouldn't be told until issue #33, in November 1939. The book also featured a number of other short stories focusing on *Speed Saunders, Buck Marshall, Bart Regan*, and *Bruce Nelson*, all of whom made their debut in *Detective Comics* #1, but never were as synonymous with the title quite like *Batman* would become.

TIME GRUNTS VOLUME 1: THE MONSTER WITHIN TP

Recommended by Leigh Tyberg

Using a variety of different storytelling techniques, including narration and epistolary, *Time Grunts* tells the grim tale of the Nazi's attempt at world domination through time travel, and one multi-national unit's attempts to stop them.

Taking place toward the end of World War II, in 1944, the "Zeitwaffe" hatch a plan with the help of a modern day German Nazi with the technology to travel through time. They intend to change the course of key dates in history, shifting fate itself in favor of Hitler and his regime.

Their opposition is a rag-tag troop, gung-ho on stopping that whatever the cost.

Littered with real-life touches that hit you in the gut, as well as more fantastical elements, *Time Grunts* takes you on a suspenseful ride through war-torn Europe, ramping up slowly to an intense ending that will leave you wanting more.

Part *Inglorious Basterds*, part *Time Bandits*, *Time Grunts* is a roller coaster ride through a much stranger, more intriguing vision of World War II.

Before Batman and Superman were even a glimmer in Bill Finger and Jerry Siegel's eyes, Major Malcolm Wheeler-Nicholson created National Allied Publications, which would then go on to become DC Comics; one of the largest comic publishers in the world. This groundbreaking book explores the history of DC Comics before it became the behemoth we know today; the pulp stories that formed the basis for all the different kinds of comics that exist today. Titles included in this historical reprint include Barry O'Neill and Fang Gow (script: Wheeler-Nicholson; art: Leo O'Mealia), Blood Pearls (script: Wheeler-Nicholson; art: Munson Paddock), Foe of the Borgias (script and art: Sven Elven), The Golden Dragon (script and art- Tom Hickey), and more! NUKE' EM!: CLASSIC COLD WAR COMICS CELEBRATING THE END OF THE WORLD HC

Back in the 1950s during the "Cold War" every new day beckoned the possibility of the end of the world. Kids grew up in the shadow of bomb shelters and were treated to daily lessons at school on what to do in the event of a nuclear attack. Americans were besieged by constant reminders to police our borders, to carefully watch out for "foreigners" who might be spies, and to be ever vigilant in preparing to combat the "red" menace of communism. Comic books of this era played on these fears with stories of atomic war and World War III. This volume reprints the complete runs of Atomic War! (#1-4, November, 1952-April, 1953) and World War III (#1-2, March, 1952 and May, 1953) and can be read merely as great action/adventure stories, classic "war" comics or as an eerie, unanticipated commentary on today's tribulations. The strip takes place in the not-too-distant future where the United States sends men into space but hasn't ventured much further yet. Veteran scripters Dick and Dave Wood provided these late-1950s space/action adventure stories. The material used in this archival edition ranges from original art, to press proofs, to tear sheets, and boasts the best reproduction of the strip ever, essays, and documentary material. Because you demanded it! Spinning off from the pages of *Trump's Titans vs. The Mandela Effect* #1, Donald Drumpf gets his own all-new comic book, and he's unafraid of not being #1! In an alternate timeline created by George Soros, Donald's stupid-sounding original family name was never changed to Trump, and as a result he grew up as the poor and empathetic Donald Drumpf! Instead of investing a small loan of a million dollars into cold hard real estate, penniless young Drumpf was seduced by liberalism and became a Hollywood movie star. Today, he's not only the most progressive Democrat president of all time, he also leads a White House-based superhero team comprised of VP George Clooney, Treasury Secretary Jay-Z, EPA head Adrian Grenier, beautiful daughter Ivanka Drumpf, and her genius husband Jared Leto. Together they are Drumpf's Dynamos, and this is issue #1000, because why the heck not? (STL088214)

Lion Forge interviews Brenna Thummler, author and illustrator for *Sheets*!

Lion Forge: *Sheets* is the first graphic novel you've published. How has the creative process differed from other projects you have done?

Brenna Thummler: It has been the most terrifying, and not because of the ghosts. Unlike my editorial work and my first graphic novel collaboration, *Anne of Green Gables*, I had no starting point; I had to generate my own. All decisions lay in my hands, and there were many more decisions to make. Graphic novels introduce the "time" factor that requires me to consider pacing and the contrast between compositions, actions and moods that fluctuate within a storyline. But it's also liberating to be in total control of the characters and their lives—their triumphs and failures and relationships. You grow as a person along with them.

LF: *Sheets* is equal parts grounded and supernatural. What inspired you to write in this style? Did you find it difficult?

BT: I like possibility. It's fun to explore twists on everyday scenarios. Generally speaking, I am not a fan of fantasy unless human stories play a major role, which is how I approached *Sheets*. When your main focus is the human experience, posing "what ifs" becomes a secondary maneuver to engage the reader in something original. Although it's challenging to invent a new lifestyle and weave it into the natural world, it's just as difficult to capture a strong, relatable human story.

LF: Marjorie, the main character, talks about how much she hates laundry. Do you feel the same way?

BT: I can't say I'm a fan of laundry, but it eventually drags me away from my computer and forces me to take a break from work. If you pair it with an impromptu solo sing-along party, I suppose it can be moderately enjoyable. Unfortunately for Marjorie, she's responsible for laundry from all over town—no amount of bedroom karaoke could make this bearable.

LF: What's one thing you'd want your readers to take away from *Sheets*?

BT: Life is full of hardships, many of which you have no control over. I hope readers may identify the importance of perseverance and the value of recognizing the good in your life, or the possibility of good if you let it in. It's a story of determination and unlikely friendship, and the subsequent triumphs.

THE ARAB OF THE FUTURE VOLUME 3: 1985-1987 SC

(W/A/CA) Riad Sattouf

The Arab of the Future is the widely acclaimed, internationally bestselling graphic memoir that tells the story of Riad Sattouf's peripatetic childhood in the Middle East. In this third volume, (1985–1987), Riad's mother, fed up with the grinding reality of daily life in the village, decides she cannot take it any longer. BILLIE HOLIDAY HC

(W/A/CA) Jose Munoz, Carlos Sampayo

Born in Baltimore in 1915, and dead too early in New York in 1959, Billie Holiday became a legendary jazz singer, even mythical. With her voice even now managing to touch so many people, we follow a reporter on the trail of the artist on behalf of a New York daily. Beyond the public scandals that marred the life of the star (alcohol, drugs, violence...), he seeks to restore the truth, revisiting the memory of Billie. Through this investigation, Muñoz and Sampayo trace, through the undertones of racism, and in the wake of the blues, the slow drift of a singer who expressed the deepest emotions in jazz, creating not just a biography but a spell-binding art book tribute. SPOTLIGHT ON

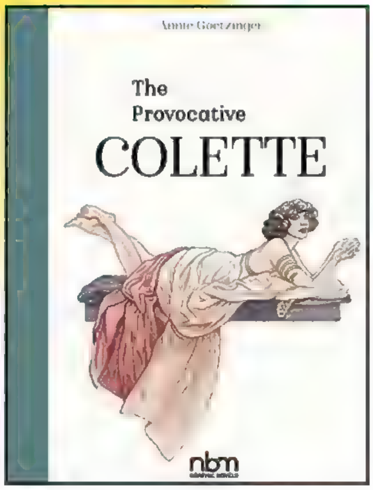
THE PROVOCATIVE COLETTE HC

(W) Annie Goetzinger



The movie *Colette*, coming in September starring Keira Knightley! "One dies only from the first man," she wrote in 1909. But this death was a new beginning, and the one that signed "Colette" from 1910 onward gradually opened her eyes to her condition of a woman who was an exploited writer and a betrayed wife, and who will emancipate herself by writing, and with what talent! Incredibly complex, powerfully determined, truly gifted, Colette challenged herself to reinvent her life and assert herself as a free woman. In her day, her behavior scandalized and vexed the establishment. But in the end, she helped to free women in their thinking and became member and then president of France's prestigious Académie Goncourt, among many other honors as one of France's preeminent authors. For mature readers. (STL088276)

MONET: ITINERANT OF LIGHT HC

(W) Salva Rubio (A/CA) Efa

The life of the great French painter, one of the founders of Impressionism, is narrated in lush comic art reminiscent of his style. From the Salon des Refuses ("Salon of the Rejected") and many struggling years without recognition, money and yet a family to raise, all the way to great success, critically and financially, Monet pursued insistently one vision: catching the light in painting, refusing to compromise on this ethereal pursuit. It cost him dearly but he was a beacon for his contemporaries. We discover in this comics biography how he came to this vision as well as his turbulent life pursuing it. (STL058694)

RICK GEARY

THE TRUE DEATH OF BILLY THE KID HC

(W/A/CA) Rick Geary

One of the folk legends of the Wild West, William H. Bonney went from cowboy and gunslinger for a rancher to pure outlawry. On the one hand, he was charming, fun-loving (often at social events like dances), and quite appealing to the ladies. Also conversant in Spanish, "Billito" was popular with the Spanish speaking crowd. On the other hand, he had no compunction to coldly kill a man, a sheriff, a deputy — anyone who got in his way rustling cattle or horses for an illicit living. He also proved hard to keep in jail even when caught. It is probably his feats of derring-do escaping from jails that made him most famous and this is the main subject of this biography following him until he is shot in pitch darkness by lawmen obsessed with getting rid of him. When Lana and her father return to their seaside hometown to help clear the debris of a big storm, Lana remembers how much she's missed the ocean—and the strong, reassuring presence of her aunt. As Lana explores the familiar beach, she discovers something incredible: a colony of Aquicorns, small magical seahorse-like creatures that live in the coral reef. Lana rescues an injured Aquicorn and cares for it with the help of her aunt, who may know more about these strange creatures than she's willing to admit. But when a second storm threatens to reach the town, choices made many years ago about how to coexist with the sea start to rise to the surface. Lana realizes she will need to find the strength to stand on her own, even when it means standing up to the people who she has always relied on to protect her.

KID FRIENDLY

School is out for summer, and for the Tackleford mystery team, that means lazy days, balmy evenings, and... creeping existential dread that threatens the whole city. With half the team gallivanting off to exotic locales (like Aunty Kath's in Margate), can Linton, Jack, and Lottie solve this season's most dire case?

The Case of the Unwelcome Visitor, the sixth book in John Allison's award-winning *Bad Machinery* series, pits our young heroes against the terrors of the unfamiliar and unknown. Lottie's mum and sister have both fallen in love (thanks to the internet), Linton is determined to save his father from the soul-sucking responsibility of a promotion, and why is Jack working at the local paper with team nemesis (and hot-shot reporter) Erin Winters? Isn't print meant to be dead?

Could the link between these tangled threads be The Night Creeper, who prowls Tackleford's streets and leaves people in the hospital with a blank stare and a terrible smile on their face?

Banana Sunday, the classic story by Eisner Award-winning *Bandette* co-creators Paul Tobin and Colleen Coover, is now presented in full color, with a brand-new introduction and bonus materials!

Kirby Steinberg is having a bit of trouble fitting into her new school. Sure, there's the usual problems associated with being from "somewhere else," but this time the new kid also happens to be the guardian for three talking primates. Chuck, the professorial orangutan. Knobby, the love-stricken spider monkey. Go-Go, the befuddled golden gorilla. These primates have learned to speak, thanks to the scientific processes of Kirby's father. Or have they? What's their real story? That's what Nickels—Kirby's new best friend and unfortunately dedicated school reporter—would like to discover. Can Kirby find time to develop a relationship with Martin, the dashing nerd? Steer clear of Skye, the high school's #1 pillar of arrogance? Keep Knobby, Chuck and Go-Go from causing untold catastrophes? And, above all, will Kirby be able to hide the real origin of these three simians from Nickels? Oh, probably not.

Deep in the Oregon wilderness sits Camp Bloom, a weight-loss camp where "overweight" teens can "get in shape." Jesse would rather be anywhere else, but her parents are forcing her to go. Noah isn't sure if he wants to be there, but it's too late to turn back. Tony is heartbroken at the thought of giving up his phone and internet. And Kate... well, she likes the hikes, at least. As far as these four teens are concerned, it's just another boring summer.

Until one night, when Jesse and Noah witness a beloved counselor's murder. The body's gone by the next morning, but a blurry photo leads to one clue—the murderer is one of the camp's staff members!

But which one? As Jesse, Noah, Kate, and Tony investigate, they quickly discover that everyone's got their secrets... and one person would kill to keep theirs hidden.

THE VIGILANT: A MOST UNUSUAL ASSEMBLAGE OF UK HEROES

British comics history is a colorful and often unusual story of the weird and the wonderful. While comics from the United States were just beginning to show up on UK newsstands in repackaged editions, their British counterparts were thriving, covering a wide spectrum of genres from superheroes, sci-fi, horror, humor and war comics, usually published weekly, fortnightly (every two weeks) or monthly.

This August, Rebellion — best known for their titles featuring *Judge Dredd* and his crime-fighting exploits in and around the bustling post-apocalyptic metropolis of Mega-City 1 — will venture back to the '70s to bring together a most unusual assortment of characters as the stars of their new series, **The Vigilant**!

In anticipation of the series release this summer, Rebellion's own Michael Molcher spoke with writer Simon Furman (*Death's Head*, *UK Transformers*) about the new series, its cast of characters, and the future of the super-team...

MICHAEL MOLCHER: For those who don't know — what is The Vigilant and who are these characters?

SIMON FURMAN: **The Vigilant** is a loose assemblage of heroes (and anti-heroes, and the plain weird and oddball) with their roots in British comics of the early 1970s (and onwards). The roll call (for this one-shot) is The Leopard (*Lime Street*), Blake Edmonds (*Death Wish*), Dr. Sin, Thunderbolt (*The Avenger*), Pete (and his *Pocket Army* of aliens), Death-Man and Yão. But that roster is deliberately fluid — and in future stories there's scope for other heroes to be called upon/involved (and others rested or sidelined). It's more *Defenders* than *Avengers*, to use a Marvel parallel.

MM: How familiar are you with the original characters in The Vigilant? Have you referred extensively to the original strips?

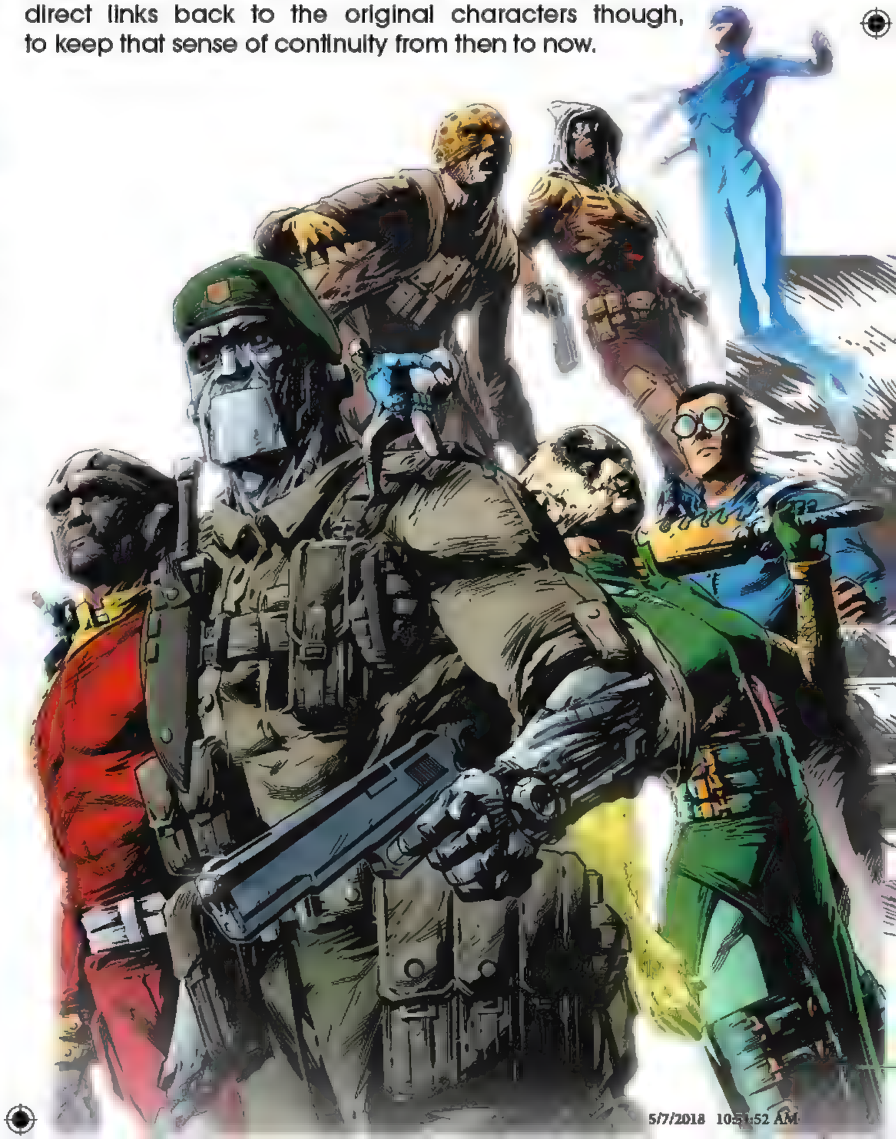
SF: These characters fall exactly into the period I was reading comics avidly as a young kid, so most of the Vigilant were very familiar to me already... research involved largely going up into the loft and bringing down piles of old comics! But while I'm certainly channeling those original strips, I'm keen to make this as 'ground up' as possible, with no pre-knowledge of the source material necessary. You may get more out of **The Vigilant** if you're familiar with the original strips, but otherwise it's very much a first issue — it all begins here!

MM: How did you come to be the writer on The Vigilant?

SF: The editor, Keith Richardson, was familiar with my work on the likes of *Death's Head* and *Dragon's Claws*, and that energy and anarchy is what he wanted for **The Vigilant**. Generally, I'm known as the 'giant robot' guy, but honestly — as a fan myself and as a comics writer — I lean much more to superheroes and villains in terms of preference — but infused with that very subversive British perspective and attitude that often makes for spikier, edgier and more shaded characters

MM: Considering that some of the characters date from the '70s, have you had to update any of them for modern sensibilities?

SF: Absolutely. British (boy's) comics of the '60s and and '70s weren't exactly teeming with gender and ethnic diversity, and so **The Vigilant** roster needed a more contemporary and relevant makeover. Dr. Sin has been completely reimagined in terms of age, background and ethnicity, Thunderbolt is now female, and we have a new female (Asian) character in the shape of Yão. Both Dr. Sin and Thunderbolt have direct links back to the original characters though, to keep that sense of continuity from then to now.



MM: They also seem like quite a disparate bunch, from Adam Eterno to Death Wish's Blake Edmonds. So has it been easy getting them to gel together as characters?

SF: Without giving too much away, Adam Eterno — while key to this first issue — is more a part of the overall problem **The Vigilant** must deal with than a member of the team itself. But the sheer eclectic mix of the core **Vigilant** members has made their somewhat abrasive interaction a joy to write, simply because they are so different (in ethos, attitude, motivation, etc.) and the way they spark off each other is really a big part of the fun. Even their 'HQ' is a character — and no one's quite sure how much they can trust 'him'.

MM: What has it been like working with Simon Coleby?

SF: Simon and I actually worked together way back when on some short *Transformers* strips for Marvel UK. I loved his style then, but what I'm seeing from him these days (on **The Vigilant** and his recent *2000 AD* work) is so much more mature and fully realized. It's lost none of its dynamism or energy and attack, but there's more depth and an easy assurance in his art now. In short, I trust him completely to take my script and make it sing and dance on the page.

MM: The Vigilant has been heralded as ushering in 'the Rebellion-verse' — will it appeal to a wider, international audience that isn't familiar with the original comics?

SF: Yeah, this will be a book that anyone can pick up and get a lot out of (though it's 'British' through and through, and we don't want to lose that, it has an international range and scope and overall team remit that opens it up to the whole world). I think of it as being a little like Marvel's Ultimate line — the characters in question are 40+ years old but for the purposes of **The Vigilant** (and the larger Rebellion-verse) they're being relaunched, reimagined and represented for a modern (global) audience. There's nothing in the way of baggage that comes with it. No foreknowledge needed. Everyone is joining this at the start of what we envision to be a world(s)-building exercise.

MM: Are there any other old characters from the Fleetway archive that you'd like to resurrect?

SF: For sure! Even though **The Vigilant** is jam-packed with characters and cameos from the original comics, there are just so many more I'd have loved to squeeze in there. And some of those cameos already feel like part of bigger stories that now need telling. We could go for another 40+ years and still not run dry of great characters!

THE CRAWLING KING HC

(W/A/CA) Einar Baldvin

The Crawling King is a fully illustrated dark fantasy novel by award-winning independent animator Einar Baldvin. The novel is a collection of stories from the doomed City of Gyldenbrae and the surrounding countryside. Pre-sented in the form of legends, fables, manuscripts, first-hand accounts and historical documents, *The Crawling King* invites readers to delve into the dark ruins of a world consumed by magic. Equal parts art book and anthology in the spirit of *Scary Stories to Tell in the Dark*, Baldvin's vision of Gyldenbrae feels like Lovecraft adapted for children. The book comes with a cloth, foil stamped hardcover, fully drawn, inked, and painted illustrations, and handwritten text. (STL088457)

ODDWELL #1

(W) David A Clark, Walter A Bryant iii (A/CA) Acacia A Rodarte

When the Princess of Zamanga is struck ill and the whole kingdom literally starts to crumble, the warrior, Oddwell, is summoned to complete one mission: save the Princess and save the world. Along the way Oddwell must learn to rely upon friends, old and new, as he comes up against sinister plots to turn the Princess against the Kingdom by an evil witch. As the Princess's condition deteriorates, so does the world she rules, leaving Odwell in a race against time and his enemies. Meanwhile, in our world, a story runs parallel to this "Oddventure." As a young girl in the hospital is told stories by her big brother to keep her mind off the pain of recovery, parallels are drawn between the people in her own life, her illness, and even random objects and artwork around her room, with Odwell, her favorite toy frog, at the heart of every epic tale. JAKE MADDOX: GEAR HERO GN

(W) Jake Maddox (A) Eduardo Garcia

Nelson Greenwood loves BMX racing, almost as much as he loves to draw superheroes. The hero of his own comic book, Major Speed, isn't afraid of anything, much like Nelson's twin brother Nick. Nelson looks up to Nick and his mad BMX skills. But when a rough crash keeps Nick out of the BMX-Treme Competition, he suggests that Nelson take his place. However, Nelson doesn't think he has what it takes to compete against the best racers in the city — especially Nick's nemesis, Cain Otto. Can Nelson shift gears and muster the courage and strength of Major Speed to compete in the race? Combining a high-stakes sports story with a dynamic full-color comic format, this graphic novel is sure to be a win for young athletes and struggling readers alike. (STL087707) (C: 0-1-0)

JAKE MADDOX: STRANGE BOARDERS GN

(W) Jake Maddox (A) Eduardo Garcia

Adnan Zakaria's family recently fled Syria and resettled in America. Adnan feels like a stranger in a strange land. He's lonely and homesick. The one thing that gives him comfort is his best friend's skateboard that he brought with him from Syria. As Adnan navigates his new community, he bonds with new friends at a local skatepark. But he also faces adversity in the form of local troublemaker Mike Proctor. After Adnan loses his precious skateboard one evening, he learns that Mike Proctor has it and won't give it up without a challenge. Will Adnan be able to out-skate his foe and reclaim his board? And will the two boys learn to respect one another, in spite of their differences? (STL087709) (C: 0-1-0)

(W) David Schow (A) Andres Esparza (CA) Tim Bradstreet

While hardboiled convict Fraiser Bonner continues to execute prison guards with impunity, the forces surrounding Tattersall Prison struggle to cope with an alien invasion that threatens to spill over into the rest of the world. No negotiation. No parley. Extraterrestrial expert Conrad Gant, forced into hiding by the government, finds himself drafted to help the very agencies that disavowed him. From the twisted mind of David J. Schow (*The Crow*) and the cinematic art team behind *Vault*, Andres Esparza and Sergio Martinez, comes the third story in John Carpenter's monthly anthology series *Tales of Science Fiction*. SO SAY WE ALL: THE COMPLETE, UNCENSORED, UNAUTHORIZED ORAL HISTORY OF BATTLESTAR GALACTICA HC

(W) Ed Gross, Mark Altman

Four decades after its groundbreaking debut, *Battlestar Galactica* — both the 1978 original and its 2004 reimagining — have captured the hearts of two generations of fans, with no sign of slowing down. What began as a three-hour made for TV movie inspired by the success of *Star Wars* followed by 24 one-hour episodes, was transformed into one of the most critically acclaimed series in television history. And gathered in this volume for the first time ever are the untold stories of both shows, as well as the much-loathed *Galactica 1980*, offered in the words of over hundred cast, crew, experts and executives who were there and brought it all to life. Plus, *CBC* #1 interviews artist Alex Ross and writer Kurt Busiek, sports a color gallery of Will Eisner's Valentines to his beloved, showcases a joint talk between Neal Adams and Dennis O'neil on their unforgettable collaborations, as well as throws a whole kit'n'caboodle of other creator-centric items atcha! MIKE GRELL: LIFE IS DRAWING WITHOUT AN ERASER

(W) Dewey Cassell (A) Mike Grell

From a seminal turn on *Superboy and the Legion of Super-Heroes* and creating the lost world of the Warlord, to his work on *Green Arrow*, Mike Grell made an indelible mark at DC Comics in the 1970s and '80s. But his greatest contribution to the comics industry was in pioneering creator-owned properties like *Jon Sable*, *Starslayer*, and *Shaman's Tears*. This career-spanning tribute to the master storyteller is told in Grell's own words, full of candor, optimism, and humor. Lending insights are colleagues Paul Levitz, Dan Jurgens, Denny O'Neil, Mike Gold, and Mark Ryan. Full of illustrations from every facet of his long career, with a Foreword by Chad Hardin, it is a fitting tribute to the artist, writer, and storyteller who has made the most of every opportunity set before him, living up to his own mantra, "Life is Drawing Without an Eraser." Corps division, the spymasters of MI6 are about to develop a new kind of soldier for their never-ending war of global gamesmanship and international intrigue. Part man, part machine, and bound together with the most extreme technological enhancements that the 1980s have to offer, NINJA-H is faster, stronger, and deadlier than any who have come before...

Now, for the first time, the metal-crunching saga of MI6's one-man, super-powered strike force - and his tragic fall from grace - can finally be told as renowned writer Christos Gage (Netflix's *Daredevil*) teams with comics legend Larry Stroman (*X-Factor*) to declassify the next standalone shadow-laden chapter in the history of Ninjak's fellow Ninja Programme agents!

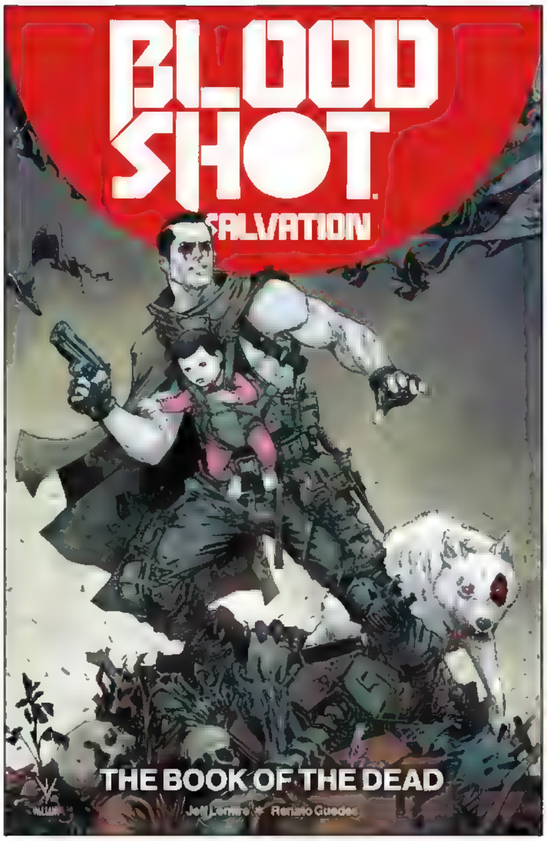
BLOODSHOT SALVATION VOL. 2: THE BOOK OF THE DEAD TPB



Into the Deadside!

Years ago, Project Rising Spirit's cutting-edge nanite technology transformed Ray Garrison into the walking weapon codenamed Bloodshot. Now, those very same microscopic machines have infected his infant daughter's physiology and threaten to destroy her from the inside out. As the life of an innocent hangs in the balance, Bloodshot will be forced to make an unimaginable decision: to watch the child he loves die, or to confront death itself...and negotiate a deal for her safety. Now, with only Bloodhound and the enigmatic hero known as Shadowman to guide him, Bloodshot is about to undertake an unreal journey into the demon-haunted dimension known as the Deadside to save a life...or sacrifice his own...

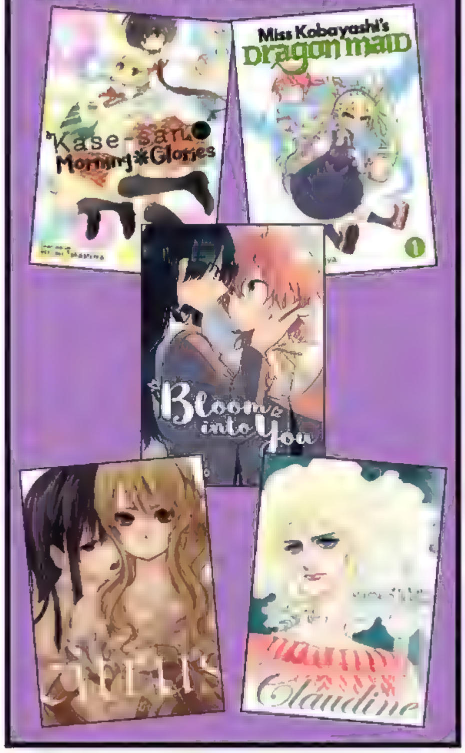
MANGAPEDIA

MORE ABOUT MANGA!

MANGA, pronounced "MAHN-gah," is the Japanese word for all comics. More generally, **manga** refers to comics made in Japan and comics made by Japaese creators.

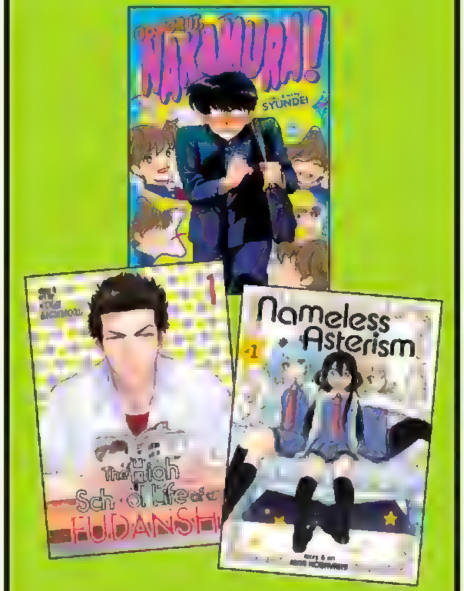
Japan has a long history of exploring LGBT+ themes in several different manga genres aimed at (and created by) people from all over the gender and sexuality spectrums.

"Yuri" manga is sometimes known as **"Girls' Love"**. These are stories about romantic relationships between women. Some series are written primarily by and for women; others are mostly by and for men, and the rest of the titles fall somewhere in-between.



Kase-san and Morning Glories
Miss Kobayashi's Dragon Maid
Bloom into You
Citrus
Claudine

"BL" ("Boys' Love") manga can also be known as **yaoi** (pronounced "yah-oy"). This is arguably the most established LGBT+ genre in the West, since many titles have come out in North America since the mid-2000s. Although these titles focus on the romantic relationships between men, they're primarily written by and aimed at women.



Nakamura!
SYUNDEI
The High School Life of a Fudanshi

Autobiographies are very different from yuri and BL — which are explicitly fiction and tend to follow certain tropes — Seven Seas also publishes memoirs by LGBT+ creators in Japan, which are often drawn as diary comics.

High school senior Kotoko Aihara has had a crush on Naoki Irie since his freshman year. Unfortunately, a few things are discouraging her from him: he's a member of "Class A," the top ranking class in school, whereas she's in "Class F"; he gets the top score on every exam; and he's so smart, popular, and handsome that he's been class president every year. When Kotoki finally musters up the courage to present him with a love letter, though, Naoki outright refuses it, telling her point blank — with a look of disgust and boredom — that he doesn't like "stupid girls." Poor Kotoko's worst nightmare! (STK409002) (C: 1-0-0) **NOTE:** Not available in Japan.

This month ***PREVIEWS*** celebrates Kid Comics throughout the issue with plenty of new and backlist titles available. And in anticipation of this month's theme, we reached out to some of All Ages Comics' most talented creators for these mini-interviews! You may know the titles, but do you know their creators? Hopefully you'll get a better insight into these talented creators with this month's special feature!

GET TO KNOW...

JOEY WEISER

Position: *Writer/Artist*
Known for: *Mermin*

PREVIEWS: *Tell us a little bit about yourself and about your book!*

Joey Weiser: Hi! I'm Joey Weiser, the author of the Eisner Award-nominated *Mermin* graphic novel series, frequent contributor to *SpongeBob Comics*, and more! *Mermin* is about a fish-boy who is washed up on the beach one day, and then is found by some human kids who take him in. But he is being pursued by other fish-creatures trying to take him back home. It's a comedic adventure story for all ages!

P: *What is the most exciting part of working on a kid's comic? What do you think is most essential in crafting a story geared toward young readers?*

JW: The most exciting part about making comics for kids is hearing from young readers who love the book! Some of the most influential pieces of art in my life were things that I encountered early on, so to think that I could potentially have that impact is exciting for sure. I try to make my work as fun as possible, both to read and to create! I think this element is something that pushed me more towards making kids' comics, and it's great to just embrace that and really enjoy the work!

P: *What can readers look forward to in your upcoming project?*

JW: In the previous volume, Mermin and his friends go underwater to the city of Mer where he and the other Mer-people reside. In *Mermin Book 4: Into Atlantis* (MAY151477) we get to explore another underwater city, Atlantis. It is a much different city, with much different residents!

P: *And lastly, what was your favorite comic as a kid, and how does it continue to influence you today?*

JW: As a kid, I mostly read comic strips. *Calvin and Hobbes*, *Bloom County*, and *Peanuts* were among my favorites. I think my sense of comedic timing and some of the ways I compose panels and things like that are heavily influenced by comic strips. A thing that I love about *Peanuts*, specifically, is that you can feel the love and compassion that Schulz had for his characters. I hope that I can do the same with my comics.

P: *Please recommend some current comics for kids that you enjoy, and provide a few sentences about why you think these comics are top picks!*

KiTARO
SHIGERU MIZUKI

Kitaro GN
(JAN131107)
WHY? Shigeru Mizuki is one of my favorite cartoonists, and I especially love his "yokai" ghost stories! They are great adventures with lots of crazy creatures and spirits with a whole world of mythology to learn. I am so happy to hear that we will be getting more in English starting in 2016, and that they are going to be aimed specifically at a young audience.

Costume Quest:

Costume Quest: Invasion of the Candy Snatchers
(JUN141332)
WHY? A totally wonderful Halloween story that can be enjoyed any time of year! Zac Gorman's art is great and this book is really funny! I love the big format too. I didn't even realize that it was tied in with a video game until I finished the book!

RAINA TELGEMEIER

Position: *Writer/Artist*
Known for: *Smile, Sisters*

*PREVIEWS: How would you describe **Smile** to a young reader to get them excited about it?*

Raina Telgemeier: *Smile* is about stuff most kids are familiar with: growing pains, making friends, surviving school, ...and dentistry! Everyone is frightened of going to the dentist, and I had an especially severe orthodontic experience resulting from knocking out my two front teeth. The reconstructive surgery continued all through my middle school years—just when looks were becoming more important than ever. The book uses expressive, cartoony storytelling to illustrate the ups and downs of adolescence in a way that hopefully all kids can relate to and laugh at.

***P**: What do you think is the most essential building block in crafting a story geared toward young readers? And how have you employed it in one of your more recent projects?*

RT: I think the key is relatability. Whether you're writing high fantasy or gritty autobiography, a story with central characters that kids can relate to will draw them in and keep them reading. I'm also a big believer in comedy! I tried to infuse humor into tons of the situations in Smile... because some of the subject matter is pain, and discomfort, and awkwardness, which can be hard to read about if they're done in a straightforward fashion. But make them funny, and they don't seem so bad after all!

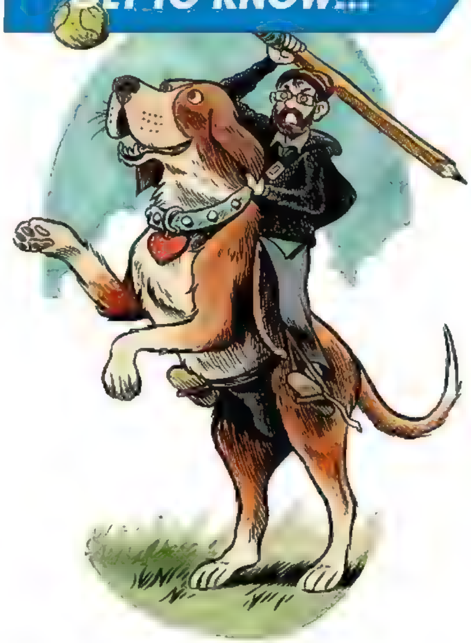
***P**: What was your favorite comic as a kid? And how does it continue to influence you today?*

RT: I loved reading comic strips, and my *Calvin and Hobbes* collections were among my most well-read and dog-eared books. *Calvin and Hobbes* taught me a lot about the beauty of showing rather than telling: Bill Watterson could stage physical humor so perfectly, and nobody is better at drawing kids (and stuffed tigers) running around, jumping, climbing trees, or playing games. As a result, I try to keep my characters moving, expressing themselves, and acting in ways that are fun for the reader to look at.

***P**: Please recommend a current favorite title or collection that you feel would appeal to young readers.*

Yotsuba&! Vol. 1 GN (SEP148357)
One of my very favorite series is *Yotsuba&!* by Kiyohiko Azuma, also about an Earth girl... but a very odd Earth girl! She's five-years-old and seems to be constantly discovering the world around her for the first time. The motto of the series is "Enjoy everything," and I enjoy everything about it!

GET TO KNOW...



AARON RENIER

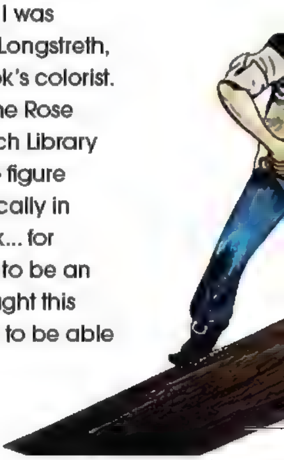
Position: *Writer/Artist*
Known for: *The Unsinkable Walker Bean*

*PREVIEWS: How would you describe **The Unsinkable Walker Bean** to a young reader to get them excited about it?*

Aaron Renier: It's a story about a boy who must save his grandfather from the torments of a cursed skull, and to do so has to return it to a pair of giant sea witches. They are as big as a tall ship, have glowing eyes, and gargantuan lobster bodies. The only thing Walker has to save the day is his own creativity, and the help of his new friends. Plus, there is a great dog named Perrogi along on the trip... if you like dogs, you'll probably love her.

***P**: What got you excited about **Walker Bean**? Is there anything you can share about his upcoming adventures?*

AR: What got me the most excited about *Walker Bean* was a conversation I was having with my dear friend Alec Longstreth, who eventually became the book's colorist. We were walking to go draw in the Rose Reading Room at the Main Branch Library in Manhattan, and I was trying to figure out ways to not set myself specifically in any real-time period for this book... for the longest time I wanted Walker to be an amateur radio buff. But Alec thought this was a bad idea. I wanted Walker to be able



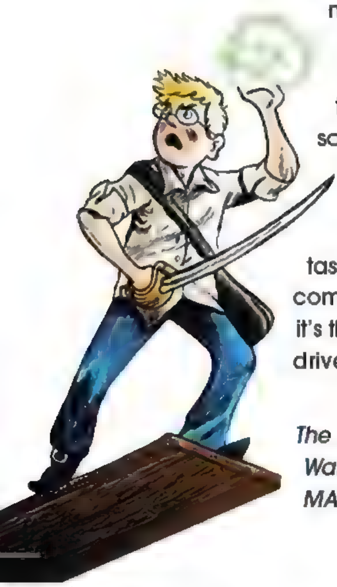
THE UNSINKABLE
Walker Bean
AARON RENIER

to communicate with others in distant places. I thought it'd be cool if he could communicate with the ol' message in a bottle... efficiently, but of course that opened a whole new can of worms. How could the message jug KNOW who the letter was written for? How would it travel there? After trying to think of the mechanics with Alec, we somehow came to an agreement it just DOES. It doesn't need to ever be explained. That day made me very excited about the possibilities of Walker Bean.

Book two takes place almost entirely on the Mango Islands. It's basically about the history of that place, and what happened to its people. We'll learn a great deal about the metal orichalcum, and sadly say goodbye to one of my favorite characters from book one. But there will be new friendships and of course new inventions.

P: *What do you think is the most essential building block in crafting a story geared toward young readers? And how have you employed it in one of your more recent projects?*

AR: I just try to have fun, and hope that comes through in the final book. One thing I can say is that I try to keep myself entertained day-to-day... so as I'm working I think about what I get to draw the next day, and if it's something exciting, that gets me to the next page faster, and I can draw what is in my head. As I work, I hope what makes a page exciting for me to write and draw, makes it exciting to read for exactly the same reasons. I became interested in reading and drawing in middle school. I quickly grew tastes in what books and comics I was interested in, and it's those interests now that still drive my work.



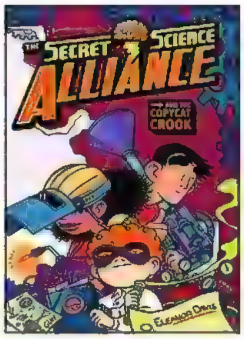
The Unsinkable Walker Bean
MAY101031

P: *What was your favorite comic as a kid? And how does it continue to influence you today?*

AR: Hands down my favorite comic was, and is *Calvin and Hobbes*. I almost feel like at this point answering "Calvin and Hobbes" is a no-brainer answer. Mr. Watterson had an influence that was more enormous than he could have ever imagined. It was everything. Social satire, nonsense galore, the secret life of Calvin "Mitty." It was just like the only rule of Calvinball: You can't play the same way twice. It was ever-changing and never ever dull. I loved Hobbes the tiger like a member of my own family. They changed the way I saw the world. Having no comic shops where I grew up in Green Bay, I was left to the spinner rack at the drug store, and the newspaper that was delivered to my house. *Calvin and Hobbes* were always the first thing I read every day after school.

My hope is to just perpetuate interest in comics in children, and hope someday a young person who read my work will also become a cartoonist. That would be fantastic. Thank you, Mr. Watterson!

Please recommend three current comics for kids that you enjoy, and provide a few sentences about why you think these comics are top picks!



Secret Science Alliance GN (SEP090664)
The Secret Science Alliance by Eleanor Davis is my current favorite comic for kids. It is just a brilliant book that has a tightly woven plot, flights of logic based in scientific fact, and beautifully drawn down to the tiniest detail. Eleanor Davis is crazy good.

Meanwhile: Pick Any Path. 3,856 Story Possibilities GN (NOV090577)
Meanwhile by Jason Shiga is the book that would have been at my bedside from grade school up until now, if only it would've been written back then. I grew up reading "Choose Your Own Adventure" books, but none of them were like this! Each page is a maze of decisions to be made by the reader. Good thing the pages are on good thick paper... because never in history will one book's pages be flipped back and forth so many times. Such a fun read. And I still haven't gotten all the way to the end.

The Center for Cartoon Studies Presents
ADVENTURES in CARTOONING

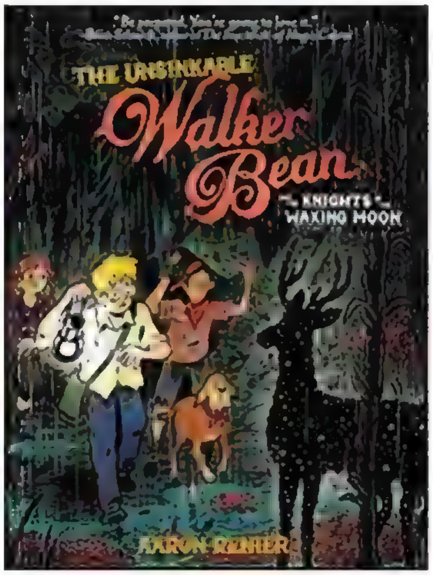
How to turn your doodles into comics!
GRRR

Adventures in Cartooning SC (FEB108477)
In my experience teaching comics to children, I've found that it's almost as easy as putting a pencil in their hand and letting them go. But sometimes it's the tiniest thing each student needs to learn to not only make their comics more readable, but makes it more fun for them to draw. Adventures in Cartooning, by James Sturm, Alexis Frederick-Frost, and Andrew Arnold is a great book for any kid who likes to draw.



GET TO KNOW...

IAN McGINTY

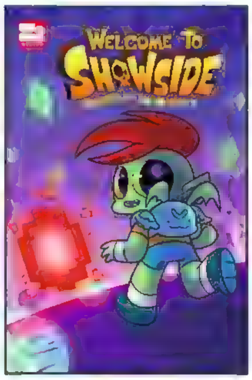
Position: *Creator/Writer/Artist*
Known for: *Bravest Warriors, Adventure Time, Hello Kitty*

PREVIEWS: *How would you describe your comic to a young reader to get them excited about it?*

Ian McGinty: Monsters! Magic! Skateboarding! Fish heads! *Welcome to Showside* is about Kit, a creature-kid doing rad stuff with his best buds: a sorceress and a warrior girl. The only problem is Kit's pops, the Great Shadow King, who wants him to ascend the throne in the Nexus, an otherworldly realm, and take over the world! Kit's more of a boardwalk and custard dude, so thankfully (with the help of his best friends and some friendly demons), he has tons of help battling the baddies and, hopefully, they can save the town of Showside and (maybe!) the world.

P: *What got you excited about your comic? Is there any part in particular you can share about the upcoming story?*

IM: *Welcome to Showside* came from this idea I had about how it would be really cool if certain monsters and creatures from another dimension had to acquire work visas in order to get a job and generally escape the more evil demons inhabiting their realm — I mean, who wouldn't want to work alongside a 100-armed giant squid or a dragon wearing sunglasses?! What got me excited was drawing this little fish-looking dude standing in line with other huge, crazy-looking demons — waiting to be checked through a portal to go into town — wondering what *his* story was. I loved the idea of this monster boy being teamed up with ostensibly more powerful human characters with their own strengths and personalities. And that's how Kit was born in my head; just a regular kid who happens to be the son of the most powerful and destructive force in the universe. I think a lot of us can relate to that on some level. All I'm gonna say about *Welcome to Showside's* upcoming story is that there's an evil kitten made of crystals named Joshua, and if that doesn't get you pumped, I don't know what will!



P: *What do you think is the most essential building block in crafting a story geared toward young readers? And how have you employed it in one of your more recent projects?*

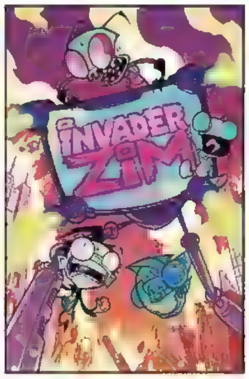
IM: A lot of creators I've talked to generally cite having well-rounded characters as being the most important building block there is, and I definitely agree that it's mega-super-huge. I also think it's incredibly important to have an all-encompassing world with enough 'elasticity' to it that young readers (and, hey, ALL readers — I do this all the time), can take that world, stretch it out and lay it before them, so they can come up with their OWN stories and ideas about what this world might have to offer the characters, instead of the other way around. Look at how cool and creative cosplayers are, or people who make fan-art! Cosplay and fan-art couldn't happen without BOTH rad characters and a world with huge potential for change. Pendleton Ward's *Bravest Warriors* and *Adventure Time* series (both properties I currently work on) are great examples of worlds with a lot of 'imagination space' in them. The potential for new stories that include well-received characters is limitless, and that's something that sort of naturally happened for me when I was developing *Welcome to Showside*; I wanted fans to have as much freedom to play around in this weirdo story I came up with as I do — and I encourage it.

P: *What was your favorite comic as a kid? And how does it continue to influence you today?*

IM: My favorites were definitely *Calvin and Hobbes*, *The Far Side* and *Garfield*. I love the weird, absurd humor of those comics, especially early *Garfield* strips. And for visual beauty, you cannot beat Bill Watterson's game, it cannot be done! I mean, even Gary Larson's sort of off-beat, kinda gross looking drawing is beautiful in its own way. Did you know he picked up roadkill for a living? I don't think that's true, but can't you see it being true?!

Please recommend some current comics for kids that you enjoy, and provide a few sentences about why you think these comics are top picks!

Invader Zim (*Vol. 1—OCT151564*)
Invader Zim, the show, actually had the guts to treat kids like little adults and was not afraid to be extremely weird and extremely off-beat with the humor, and I think that is something more comics and cartoons need to do. Kids are not stupid, in fact, they're probably smarter and more observant than most adults. *Invader Zim* respected kids' intelligence and didn't pull any punches. The comic also does this, and it's really, really awesome.



Bee and Puppycat (*Vol. 1*—FEB151200)
From a really great animated short series online, the *Bee and Puppycat* comic is neat to me because it gets me equally pumped about magical girl adventures, as well as more mundane tasks like cleaning out the fridge or delivering a letter. Natasha is also someone who is insanely super-funny, like "turn-your-skull-into-a-beehive" funny. Great for anyone, any gender, anybody!

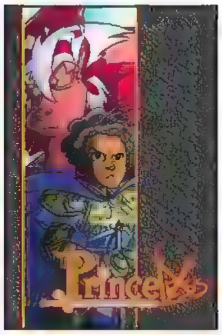
GET TO KNOW...

JEREMY WHITLEY

Position: *Writer*
Known for: *Princeless*

***PREVIEWS**: How would you describe your comic to a young reader to get them excited about it?*

Jeremy Whitley: *Princeless* (*Vol. 1 Deluxe HC*—SEP150913) is all about a princess who's her own hero. She's not going to wait around for some knight or prince to save her. Adrienne picks up a sword and not only saves herself, but teams up with her dragon to go save her sisters.



***P**: What do you think is the most essential building block in crafting a story geared toward young readers? And how have you employed it in one of your more recent projects?*

JW: I think the essential thing is that you don't talk down to young readers. Kids are smart and appreciate being given credit. When I was in elementary school, I was reading *Jurassic Park* and *The Lord of the Rings*. I hated it when I read stories and I felt like I wasn't getting the "real thing".

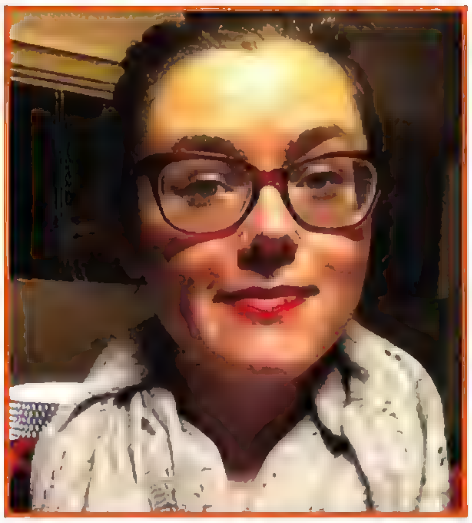
***P**: What was your favorite comic as a kid? And how does it continue to influence you today?*
JW: When I was a kid, I loved the *X-Men*. I feel like things I learned from the *X-Men* still effect the way I create stories today. I like to work with diverse casts and I always have strong intelligent women taking the lead.

***P**: Can you recommend some titles young readers that you enjoy, and provide a few sentences about why you think these comics are top picks!*

Lumberjanes to the Max Edition Vol. 1 HC (SEP151107)
This is my daughter's favorite comic. *Lumberjanes* has it all! It's full of action and adventure and has some of the best and most fun characters in any comic I'm reading now. I can't say enough about it.

The Unbeatable Squirrel Girl Vol. 1: Squirrel Power TP (MAY150824)
This comic is so amazingly fun and optimistic, something that's unfortunately rare in superhero comics these days. *Squirrel Girl* is as good a role-model as girls who want to be superheroes could ask for!

GET TO KNOW...



MEREDITH McCLAREN

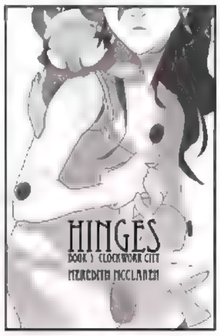
Position: *Writer/Artist*
Known for: *Hinges Books 1-3*

***PREVIEWS**: How would you describe your comic to a young reader to get them excited about it?*

Meredith McClaren: *Hinges* (*Vol. 1: Clockwork City*/DEC140649) is about a doll named Orio and her imp companion, Bauble. They've just woken up in the city of Cobble and must find their place amongst its people. It's a quiet comic with little sparks of action.

***P**: What got you excited about your comic?*

MM: I really enjoy Orio and Bauble and how they're growing up. The series is currently in its final book (*Vol. 3: Mechanical Men*/DEC160803), and that kinda demands a little more action. It's really going to push the characters into the people they need to be to make it through.



***P**: What do you think is the most essential building block in crafting a story geared toward young readers? And how have you employed it in one of your more recent projects?*

MM: Clarity. When you're writing your own story, everything you put on the page seems obvious. But you have to keep reminding yourself that the audience doesn't know what *you* know and you need to give them bigger hints. It'll feel like you're giving away all the great secrets, but it's important to step back and ask yourself if you've made the story, the character's motivations, and the world they live in clear enough. It's something I continue to work harder on.

***P**: What was your favorite comic as a kid? And how does it continue to influence you today?*

MM: *Calvin and Hobbes*. I really enjoyed it because it never felt like I was being talked down to or mislead. There were some pretty complex ideas coming across in those comic strips. But it was presented in a way that I could understand regardless of what my age was.

***P**: Could you recommend some of your favorite all-ages titles and why they're your top picks?

Calvin and Hobbes TP (OCT148448)
It is always good. It NEVER stops being good.

Azumanga Diaoh (Collected Ed./FEB158565)
It's a strip comic from Japan about several high schoolers, and it is one of the most hilarious things I have ever read. If you want to chortle in the wee hours of the morning, then this is the book you want!

ROBERT YEE

Toys, Statues and other collectibles don't just magically appear on store shelves. A lot of work goes into the concept, design, sculpting and final production of these items, and many of the people who work behind-the-scenes with companies like Diamond Select, DC Collectibles and Gentle Giant, among others, remain mostly unknown to their appreciative audience: the final consumer.

With Toy Talk, we hope to introduce you to the artisans behind some of your favorite collectibles, and to let them enjoy their well-deserved moment in the spotlight!

This month, we welcome *Diamond Select Toys Legal Affairs Officer and Product Manager, ROBERT YEE*...

TOY TALK: What is your position at Diamond Select Toys, and what do you do?

ROBERT YEE: I hold a dual role as DST Legal Affairs as well as a Product Manager at DST.

As DST Legal Affairs, I assist DST President Chuck Terceira in the legal review of license agreements as well as maintaining and monitoring any of DST's intellectual property interests inclusive of trademark prosecution.

As one of DST's Product Managers, I am also tasked with the development of individual items in DST's various product lines, from working with concept artists in the initial design phases, to working with sculptors, digital fabricators and painters to create a physical deliverable model, which a factory vendor can then tool and manufacture from.

TT: What is a toy licensing agreement, and what does it take for DST to go from having an idea to getting a license for a certain brand?

RY: A Toy Merchandise License is a negotiated and agreed-upon right between a Brand Owner and a Toy Manufacturer (such as DST), to create and produce certain products limited in scope, by time, place and sales channel.

Toy Licensing involves forming relationships with those Brand Owners — which Chuck excels at by the way — and being able to demonstrate a quantifiable track record of being able to execute quality product for public consumption.

At DST, when a new or current line of products is being developed, we see which current and/or upcoming properties would provide the best fit with regards to ability to execute, timeliness to market and appealing to your core buying demographic. Once that is established, the relationship and manufacturing history allows us to approach Brand Owners to inquire about availability of a product category. If the product category is available, we would then review financial terms and further negotiate business and legal terms until both sides have reached a deal. Once the agreement is executed, we are then allowed to develop and manufacture product based on that Brand.

TT: Which aspect of your job is your favorite?

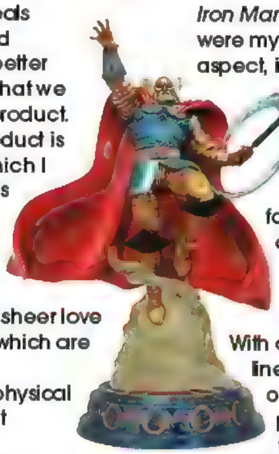
RY: Though having two seemingly different roles at DST, it's actually the switching between the legal and creative aspects of Toy design and manufacturing that appeals to me. Seeing the business and legal side has allowed me a better understanding creatively of what we can and cannot execute as product.

The call for creating good product is the other aspect of my job, which I enjoy. Creating good products should never be an ego trip, since so much of the product is made through constructive collaboration between the gifts and talents of others and sheer love of source material, neither of which are ours to call our own.

Creating good product is the physical rendering of a visual argument for why something should be bought. Does the sculpt and body language imbue the product with aspects of the character's personality? Are there little details that reward the trained and knowledgeable eye with hidden call-backs to the property? Does the paint deco bring life to an otherwise inanimate object, and can it be done at a competitive price point?

Seeing the design and fabrication process firsthand on each of these lines has also brought me much enjoyment. I have been blessed with a job that I only imagined as a child, and I take each day as such.

The future of DST excites me as the potential application of each product line to new properties comes to fruition.



TT: What is your favorite DST toy line?

RY: Without sounding self-serving, I actually enjoy every line from DST, and it becomes very hard for me to choose one as my favorite. From Minimates, to Select Figures to Gallery, it is nearly impossible for me to choose! Please bear in mind that I feel this way because it is hard to adjust myself to a consumerist mindset being involved and collaborating on the various lines on a day-to-day basis.

However, there are individual pieces that stand out as my favorites, and that list changes from year to year. In DST's Marvel Gallery, The Falcon version of Captain America is my favorite Gallery piece, as it shows balanced elegance and strength as Sam Wilson takes flight. In Minimates, three have stood out as some of my favorites which were The Punisher from *War Zone*, *X-Force* Cable and the first Hulkbuster *Iron Man*. The common theme as to why these were my favorite Minimates was the playability aspect, in which each Minimate was covered in armor or holsterable (yes that is a made up word!) accessories, making each a "toy within a toy". Electronic toy prop-wise, the *Star Trek II: The Wrath of Khan* Phaser is my favorite, as it fulfilled a boyhood fantasy of having a fully-functioning phaser from the movies, with a previously undisclosed feature of separating the main phaser from the body housing! With our Select figures, it is our *Ghostbusters* line that really floors me with the amount of accessories, and the giant buildable playsets... which Chuck made happen through sheer determination! For Marvel Premiere, it would have to be the *Armored Thor*, which captures all of the heroic aspects of Walt Simonson's characterization of Thor. There are so many other products and perhaps we will discuss those at another time...

TT: Are there any 2018 summer blockbusters that you have really enjoyed or are looking forward to?

RY: The Summer movie that I was looking forward to the most (though technically not yet in the Summer) was Avengers: Infinity War. Avengers really played nicely to give every character their moment, while evolving most of the characters within the story. Avengers: Infinity War was a nice culmination, which took the better part of ten years to execute.

BRING MEZCO'S ANNABELLE DOLL INTO YOUR POSSESSION

This terrifying replica of the Annabelle doll from *Annabelle: Creation* will leave you wondering whether you'll want to proudly display her or leave her hidden in the back of a closet for your safety. From Mezco, this replica stands 18" inches tall and features all the dastardly details that made you cover your eyes the first time you saw her on screen. Her dress, hair and sculpt are all film-accurate, as are those bone-chilling blue eyes.

Annabelle made her first on-screen appearance in the 2013 horror hit *The Conjuring* and has since spun off her own film series with 2014's *Annabelle*, the 2017 prequel *Annabelle: Creation* and an untitled 2019 film. The series tells the story of the haunted doll and the paranormal events that follow all her owners.

The films have been box office successes, raking in over $500 million worldwide, placing them as one of the top grossing horror films of all time.

Mezco is taking on horror head-on this year and the Annabelle doll is sure to be one of their most terrifying yet. Just be careful of where you choose to display her.

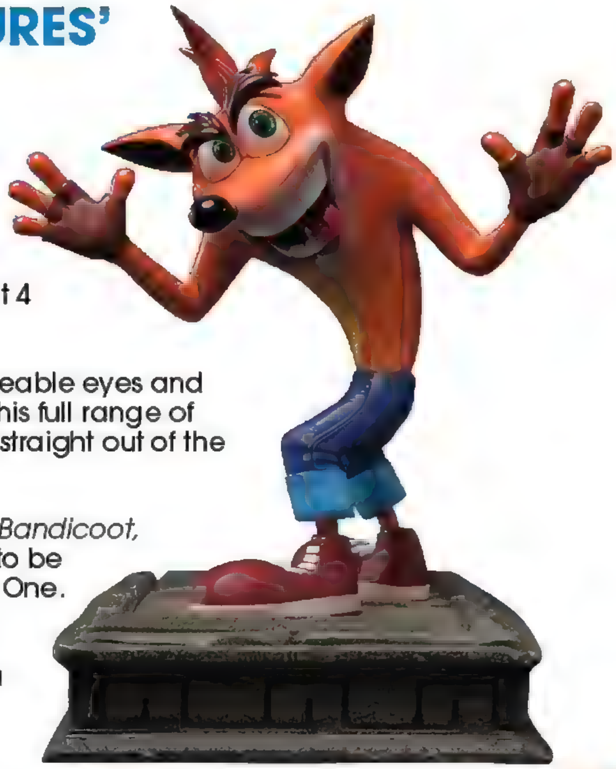
GET "N. SANE" WITH FIRST 4 FIGURES' CRASH BANDICOOT STATUE



Ahh, the '90s. They really don't make video games like they did then. You could spend hours getting lost in their world and they introduced us to fun and creative characters. No character embodied more the '90s feel than the care-free creature Crash Bandicoot! Now, you can honor one of gaming's classic characters with a massive resin statue from First 4 Figures.

Standing 16 inches tall, Crash comes with two sets of interchangeable eyes and an additional removeable tongue so you can display him with his full range of emotions. He stands atop of a highly-detailed base that comes straight out of the Wumpa Islands.

Released in 1996, the original trilogy of games, including *Crash Bandicoot*, *Cortex Strikes Back*, and *Warped*, is currently being remastered to be played on modern consoles like the Nintendo Switch and Xbox One.

First 4 Figures has already delved into the world of *Crash Bandicoot* with a life-size figure of Crash's spiritual guardian, Aku Aku. Now, you can re-live one of video game's wilest, and most iconic, characters with Crash Bandicoot himself.

SAFARI: ALIEN DRAGON TABLE TOP FIGURINE

The Alien Dragon is an oddity even among dragons. Its strange, wingless body and uniquely shaped legs make many believe it comes from somewhere beyond this earth! The Alien Dragon figure measures 4 3/4" tall and 6 1/2" long, about as big as a slice of bread. Its main coloration is light blue above that fades to dark blue below, with dark blue webbing between its back spines and blue accents on its legs. Its eyes are grey, with black oblong pupils surrounded by an eerie orange red. (STL086324) **Item has been previously solicited in New to Order.** Scheduled to ship in May 2018. (9021/100065) (C: 1-1-1) **NOTE:** Available only within the United States and U.S. Territories.

Figurine $16.99

SAFARI: CERBERUS TABLE TOP FIGURINE

Cerberus is the terrifying three-headed watchdog of Hades. Snarling and growling, the black dog ensures that no one enters or leaves the underworld without permission. Only Orpheus and Hercules are said to have bested Cerberus. Silver-studded red collars contrast with the black fur of Cerberus, creating a sleek look to this guard dog of Hades. The figure is 4 3/4" inches long, about the same as a DVD. (STL086331) **Item has been previously solicited in New to Order.** Scheduled to ship in May 2018. (9021/802129) (C: 1-1-1) **NOTE:** Available only within the United States and U.S. Territories.

Figurine $13.99

SAFARI: FOG DRAGON TABLE TOP FIGURINE

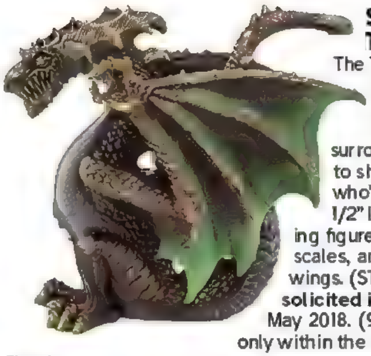
Closely related to the Cloud Dragon, the Fog Dragon has a much darker persona than its cloud-loving cousin. Fog Dragons sneak about wherever dense fog can hide their movements, and their thin wings make their secret flights inaudible. A stunning mix of shiny black, moonlit green, and surprising blue give the Fog Dragon a most unique look. It's 8 1/2" long and 6" tall, about the size of a tablet. (STL086329) **Item has been previously solicited in New to Order.** Scheduled to ship in May 2018. (9021/10154) (C: 1-1-1) **NOTE:** Available only within the United States and U.S. Territories.

Figurine $20.99

SAFARI: ICE DRAGON TABLE TOP FIGURINE

The glacier-blue ice dragon resides in the forbidding lands of the Arctic Circle. Because of its remote home, it has seldom been seen by humans. Instead of breathing fire, it can freeze its foes with a blast of super-cooled air before soaring off into the clear sky. Several shades of blue and white allow the ice dragon to blend in with its icy, shimmering homeland. At 6" long and 5 1/2" tall, it's about the size of a large slice of bread. (STL086328) **Item has been previously solicited in New to Order.** Scheduled to ship in May 2018. (9021/10145) (C: 1-1-1) **NOTE:** Available only within the United States and U.S. Territories.

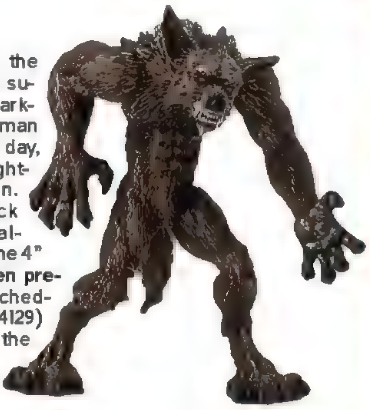
Figurine $17.99



SAFARI: THORN DRAGON TABLE TOP FIGURINE

The Thorn Dragon is rarely encountered, as it typically makes its home in burned forests where few tread, and is quite skilled at mimicking the dead trees it surrounds itself with. By the time it is ready to show itself, it may be too late for those who've seen it to escape! At 5" tall and 5 1/2" long, the Thorn Dragon cuts an imposing figure. He is mostly brown with gold tipped scales, and green accents on the webs of his wings. (STL086326) **Item has been previously solicited in New to Order.** Scheduled to ship in May 2018. (9021/10159) (C: 1-1-1) **NOTE:** Available only within the United States and U.S. Territories.

Figurine $19.99



SAFARI: WEREWOLF TABLE TOP FIGURINE

Among all legendary creatures of the night, the Werewolf perhaps reigns supreme. Not only can it terrorize the darkness with tooth and claw, but in human form, it can walk about during the day, with no one the wiser, waiting for nightfall and the chance to howl once again. Dark brown fur streaked with black gives this Werewolf a frighteningly realistic look. Bright red eyes complete the 4" tall figure. (STL086330) **Item has been previously solicited in New to Order.** Scheduled to ship in May 2018. (9021/804129) (C: 1-1-1) **NOTE:** Available only within the United States and U.S. Territories.

STAR TREK: THE NEXT GENERATION: CAPTAIN PICARD ISOLINEAR CIRCUITS PROP REPLICA

Along with his desk crystal, Picard's Isolinear Circuits are the second installment in the Picard Desk Set, a collection of objects that appear in countless episodes of *Star Trek: The Next Generation* in the Captain's Ready Room! Roddenberry Entertainment's meticulously accurate re-creation consists of three pieces of machined acrylic, and the circuits are made using the same studio graphics and screen-printing process as the originals! The edges of the circuits are radiused like the originals, using a delicate vapor-polishing process to render the edges clear after machining. The display rack comes with four rubber feet on its base to prevent scratching the bottom of the base, but to make the rack maximally accurate, these adhesive feet can optionally be removed. (STL086726) **Item has been previously solicited in New to Order.** (3199/RLS007) (C: 1-1-2) **NOTE:** Available only in the United States, Canada, and U.S. Territories.

THE REALMGATE WARS
VOLUME I

WARHAMMER: THE REALMGATE WARS VOLUME 1 SC

(W) Various

For five centuries, Chaos has tormented the Mortal Realms. Ancient portals known as realmgates stand defiled by the armies of the Dark Gods, preventing the forces of order from moving freely between the realms. The lands are broken, their populations enslaved, hunted for sport or infected with unholy plague. All hope of salvation was thought lost — until now. For Sigmar has been watching and making ready, and those destined to suffer his retribution will finally know the might of the God-King's wrath as he unleashes his greatest weapon: the Stormcast Eternals. Reborn heroes clad in god-forged armour, Sigmar's golden warriors descend to liberate the realms from the yoke of Chaos. The Realmgate Wars have begun! This omnibus contains stories by some of Black Library's finest fantasy authors, including Chris Wraight, Guy Haley, Nick Kyme, Josh Reynolds, C L Werner and Darius Hinks, winner of the David Gemmell Morningstar Award. With the threat of the Warmaster Horus' fleet looming ever closer to Terra, it will fall to such heroes to halt the tide, but the enemies arrayed against them are powerful and the burden of loyalty is great. This *Horus Heresy* anthology contains two novella-length tales — *The Wolf King* by Chris Wraight and *Cybernetica* by Rob Sanders — as well as six short stories by popular Black Library authors including Dan Abnett, Aaron Dembski-Bowden, Gav Thorpe, and John French. From the desolation of Isstvan to the halls of the Imperial Palace itself, Garro stands as a paragon of loyalty and protector of the innocent, ever ready to strike back at the traitorous allies of the Warmaster. Among the Space Wolves there are as many sagas as there are warriors, but there are none quite like that of Lukas the Trickster. Vainglorious, boastful and irreverent, the Jackal Wolf has ever stood apart from his battle-brothers, passed from pack to pack by embittered Wolf Lords, renowned and reviled in equal measure. But as a new enemy invades the icy reaches of Fenris at the height of the Helwinter, Lukas finds himself facing a foe who might rival even his legendary cunning — the dark eldar corsair, Duke Sliscus. WARHAMMER 40K: MECHANICUS: SERVANTS OF THE MACHINE GOD SC

(W) Various

It is the 41st millennium and humanity teeters on the brink of destruction. Yet out of the darkness comes a cold hope. The Adeptus Mechanicus are logical, remote beings of cybernetic construction. Their armour is a work of mechanical art, their weapons unparalleled in intelligent design. One of the most hostile fighting forces of the Imperium, the Priesthood of Mars serves justice upon their enemies with forbidding momentum. Though nominally allied with mankind, it is in the name of the Omnissiah that their mighty war machines step forth into the cauldron of war, for the Machine God alone is worthy of their sacrifice and neither man nor xenos can deter them from their single purpose of championing his dominion. This anthology contains a dozen gripping tales about the formidable Titans, Imperial Knights, battle-servitors and skitarii legions with which the Adeptus Mechanicus wage war, all written by some of Black Library's most popular authors, including Graham McNeill, Gav Thorpe, Josh Reynolds, Rob Sanders, David Guymer, David Annandale and Andy Clark. But can even this alliance of mankind's greatest warriors hope to turn the tide against Ghazghkull and his endless ork horde?
